

THE BRYAN WEEKLY EAGLE

AND PILOT

Published every Thursday by the Eagle Printing Co., Ed. E. Talmage, Editor; Arch B. O'Flaherty, General Manager. Member of Associated Press. Entered as second class matter, April 28, 1910, at the postoffice in Bryan, under act of March 9, 1879. Rates of subscription: One year, \$1.00, absolutely in advance; six months, 75 cents. Cards of thanks and resolutions of respect, 5 cents per line; other advertising rates on application. Active correspondents wanted. Daily Eagle every day except Sunday.

VOL. XXXV.

Bryan, Texas, Thursday, July 18, 1918.

NUMBER 40

GERMAN CASUALTIES IN PRESENT OFFENSIVE ESTIMATED 100,000

Prayer of Twenty Seconds

Stop All Business at 11 o'clock Every Morning and Utter This Prayer.

Lord of Hosts, lead us through the darkness of this world's war, and be with our president, our armies and the armies of our allies. Bring us victory. Be with our sons in battle, make them strong, brave and noble. Be with us and may thy spirit remind us of our duty to our country during this hour of our greatest need.

21 SOLDIERS ARE INDUCTED INTO U. S. CITIZENSHIP

That 21 soldiers taking technical training at A. and M. college might be spared the cost and inconvenience of a trip to Houston, Judge J. C. Hutcheson, Jr., of the federal court for the southern district of Texas, came up to College yesterday afternoon and held a special session of court at which these men were granted their full naturalization papers.

Six of the men were Russian subjects, seven were subjects of Great Britain, two of Italy and one each of Sweden, Greece, Turkey, Mexico, France and Denmark.

Accompanying Judge Hutcheson were M. H. Anthony of San Antonio, special naturalization examiner; L. C. Masterson, clerk of the court, and J. A. Herring, marshal.

Following the administration of the oath to the men, Judge Hutcheson told them they were being granted full citizenship not alone for the period of the war but for times of peace as well, and that it would be their duty to put down agitations by the socialists, anarchists, bolsheviks, I. W. W.s and other disturbers and that the constitution and institutions of the government must always be upheld.

The newly naturalized citizens are: Axel B. Anderson, John P. Anderson, John E. Beaver, Atilla E. Grech, John E. Grech, Charles E. Keddil, Frank Morris, Corrado Riggio, Michael Stavitsky, John Swain, Louis B. Weinburg, Malcolm C. Foster, Isidore Pollock, Haig N. Lulukian, Wilfred Woodbank, George Kolman, Celso Castaneda, Salvatore Maceo, Marcel Louis Picantin, Philip Rich, Christian William Christensen.

CANNING TEAM SELECTED.

Miss Martha Gillespie, in charge of the girls' canning club work in Brazos county, had a number of the club girls come in yesterday and work in the Bryan canner in order to select a team to compete with the other counties of the state in canning during the short course at the A. and M. college. The girls all proved themselves to be very proficient in the art of canning, but the three selected as the Brazos county team were Misses Agnes and Florence Conway of Steep Hollow and Maudie Hearn of Kurten.

These young ladies have had much experience in canning and the team that beats them will be going some.

The prize to be contested for is a silver loving cup offered by Farm and Ranch. The winning team keeps the cup for one year, when it must be contested for again and must be won three times before ownership is acquired.

THE WEATHER

Tonight and Thursday partly cloudy.

Weather Conditions.—Generally fair weather was reported from the cotton belt with temperatures slightly below normal in south Atlantic states and normal or above elsewhere in the belt. There was no precipitation of consequence. Elsewhere showers were reported from the Rocky Mountain region, including the Panhandle and from the upper Mississippi valley, western lake region and southern Florida. The coolest last night in Texas ranged from 64 degrees at Amarillo to 82 degrees on the upper coast and the warmest yesterday from 84 degrees at Corpus Christi to 104 degrees at Paris.

FRANCE MAKES SHORT WORK OF TRAITORS.

(Associated Press.) Paris, July 17.—M. Duval, director of the Germanophile newspaper, "Bonnet Rouge," was executed early this morning for treasonable actions.

Duval's execution is the second growing out of "Bolsism" propaganda of Germans in France. Bolo Pasha was the first.

QUENTIN ROOSEVELT AGE 20, GIVES HIS LIFE FOR COUNTRY

(Associated Press.) London, July 17.—It is now known that Lieutenant Quentin Roosevelt, youngest son of ex-President Theodore Roosevelt, was killed July 14, when his airplane was shot down behind the German lines at Chateau-Thierry. He was attacked by a German squadron, says the Exchange Telegraph.

Young Roosevelt had a number of German planes to his credit, it is said.

Roosevelt was 20 years old. Oyster Bay, July 17.—"Quentin's mother and I are very glad that he got to the front and had the chance to render some service to his country and to show the stuff there was in him before his fate befell him." This was the statement of Theodore Roosevelt on the death of his son.

Colonel Roosevelt will deliver the address at the Republican state convention at Saratoga Springs tomorrow, despite the death of his son, he notified the committee today.

GOOD MARKSMANSHIP NEEDED BY AIRMEN

(By Associated Press.) Kelly Field, San Antonio, July 17.—That it would do a man little good to be an expert flier if he could not shoot and handle a machine gun well, is the statement of Lieutenant Colonel G. C. Brant, commanding the flying detachment at Kelly Field.

"If an aviator could not shoot he would be able to fly at his opponent but he could not accomplish his object, that is bring down a Hun plane," Colonel Brant said.

Flying and gunnery should be combined to make an aviator an "ace" and all spare time, Colonel Brant says, is put in gunnery practice.

Forty-nine additional acres of land adjoining this field have been secured in addition to the regular target range. On this space there will be practice in hitting stationary and moving objects.

In order to meet conditions encountered by an aviator on the western front the cadets are trained until they are pronounced efficient in hitting moving targets from an airplane. The cadet is trained to proficiency in the knowledge of his machine gun. He must be able to take apart and reassemble, blindfolded, all mechanism of the gun and be able to operate it by touch.

PARCELS NOT RESTRICTED.

Washington, July 17.—Parcels addressed in care of the postmaster at New York to officers or men on American naval vessels or attached to naval bases and not to be forwarded to the American expeditionary forces do not come under the restriction which has been placed upon parcels addressed to officers or men of the expeditionary forces, the postoffice department today advised all postmasters. Parcels addressed to soldiers of the expeditionary forces must contain articles specifically required by the addressee and approved by his regimental commander.

BELGIAN EDITORS.

Havre, July 17.—The Germans not only have tried every imaginable method of controlling and subjugating the Belgian press, such as requisitioning all paper supplies from newspapers that would not do their bidding but have now requisitioned the presses, linotypes and machinery of Le Patriote. The property thus seized, the Belgian authorities learn, has been sold to German papers.

SYRUP IN COFFEE.

Dallas, July 17.—Many restaurants here have resorted to the use of sorghum and cane molasses for sweetening coffee and tea. Though the practice is confined to only a few places it is believed it will eventually spread to all the restaurants and public eating houses, unless the apparent acute sugar shortage is relieved.

JAPANESE RED CROSS.

Washington, July 17.—En route to Europe to familiarize itself with methods in use there by the American Red Cross, the Japanese Red Cross commission arrived in Washington and was received by Henry P. Davison, chairman of the war council of the American organization, and other officials.

BELGIUM GIVEN NEW CREDIT.

Washington, July 17.—Belgium has been given a credit of \$1,680,000. This made total loans to Belgium by the United States government \$138,480,000 and total loans to all allies \$6,268,270,000.

Experts Say Huns Realize Drive Has Been Balked, and That Effort Now is to Encompass Rheims.

HUNS LOSE AIRDOME WITH 22 AIRPLANES ARMY REVOLUTIONISTS

(By Associated Press.) London, July 17.—News is just received of the destruction by fire of a new German airdome and 22 airplanes near Nevelle.

The fire is attributed to German revolutionists in the army. Ten Belgian and two German soldiers have been arrested.

PERSHING AND BLISS HONORED.

(By Associated Press.) London, July 17.—Generals Pershing and Bliss have been signally honored. The former has been given the grand cross of the Order of Bath and the latter the grand cross of the Order of St. Michael and St. George.

DISTINCTLY SATISFACTORY.

(By Associated Press.) London, July 17.—Position of allies at the present stage of the German offensive are highly satisfactory, reports from France say.

SPENDING MONEY OF AMERICAN SOLDIERS TO BE PAID QUICKLY

(By Associated Press.) With American Army in France, June 17.—(By Mail)—Every American soldier in France will receive a "bank book" enabling him to draw \$7.50 a month from any disbursing officer, if the change in pay methods of the American expeditionary force now under consideration is put into effect. The purpose is to enable every soldier to obtain promptly at least a part of his monthly pay regardless of where he may be, whether in a hospital or with some organization other than his own.

The "pay book" system is in use in the British army. The sum of \$7.50 a month has been fixed as the minimum which a soldier should have for his personal wants every month and it would be given to him on his demand.

Each three or four months there would be a general accounting at which his total pay, his insurance and other allotments, his liberty loan subscriptions and other items would be cast up, together with his monthly drafts. The balance then due him would be put at his disposal.

The soldier would have the advantage of being able at all times and under all circumstances to draw something from any quartermaster in whose district he might find himself.

The proposed system would eliminate the present necessity of having on hand each soldier's service record whenever he draws any money. The service record system, designed for times of peace, does not take into account the frequent shifts which all military men must be prepared for. In many instances nowadays it works hardships on individual men who are transferred faster than their service records can follow them and who consequently can not draw their money when it is due, merely because the formalities can not be complied with.

The proposed new system appeals as specially advantageous for camps where there are constantly large numbers of "casuals" straggling to dozens and scores of organizations waiting to join their outfits yet unable to draw what money is due them until the service records have caught up to them.

LENINE MAY BREAK.

(By Associated Press.) Amsterdam, July 17.—Wireless message received here states Premier Lenine is about to break diplomatic relations with England and any other country connected with the landing of armed forces on the Murman coast. Americans have been landed there, it is known.

NEGRO BRUTE SLASHED WOMAN TO DEATH.

(Associated Press.) Dallas, July 17.—Early this morning a negro assaulted Mrs. J. E. Wolford, who resided in Dallas county, and slashed her to death with a knife.

The negro was captured and rushed to this city for safekeeping. A mob at noon today attempted to batter down the doors of the county jail and remove the negro but were driven away by deputies with shotguns.

GRADUALLY CHANGING THEIR OPINIONS.

(Associated Press.) Amsterdam, July 17.—The Austro-Hungarian government regards the war as "useless and senseless" bloodshed and believes it might be ended the moment the allies again manifest feelings of humanity, says Baron Burian, Austro-Hungarian foreign minister.

RUSH RECRUITING OF INFANTRY REGIMENT

Houston, July 17.—Brigadier General J. F. Wolters, commanding the first cavalry brigade and incidentally organizing a regiment of infantry in this section, has received instructions to rush the recruiting with greater speed.

It is generally understood the infantry will be used for border service with the cavalry. About one-third of the regimental strength has been recruited.

Houston will have three units in the regiment; the headquarters company, machine gun company and company A. These are being recruited rapidly. The field officers are being appointed directly by the adjutant general.

The following line officers have been appointed subject to federal inspection and examination: Headquarters company, Houston, Captain James D. Grant; machine gun company, Houston, Captain Max Keller; supply company, Bryan, Captain George M. Brandon; company A, Houston, Captain Ashley M. Denton; company B, Conroe, Captain Charles H. Bennet; company C, Garrettsville, Captain Samuel T. Robb; company D, Orange, Captain William E. Lean; company E, Woodville, Captain James E. Wheat; company F, Tyler, Captain V. Hughes; company G, Marlin, Captain Charles B. Monday; company H, Eagle Lake, Captain Milby Gwynn; company I, Nacogdoches, Captain Richard B. Walthall; company K, Brenham, Captain Heber Stone; company L, Center, Captain William A. Bridges.

The inspection of the first cavalry brigade is progressing rapidly. Lieutenant Colonel Fitzhugh Lee, 304th cavalry, is inspecting the first regiment. He is accompanied by Brigadier General Wolters and Lieutenant James K. Vaughan, aide de camp. Officers of the regiment will assemble in Houston Friday to hear a lecture by Lieutenant Colonel Lee upon the "Cavalry Branch of the Service."

WOMAN FOUND DEAD.

Corpus Christi, Tex., July 17.—When police officers battered down the back door of the home of Mrs. E. Reid at 315 Waco street they found the body of Mrs. Reid lying on the bed. She had been dead for probably two days or longer. Justice of the Peace Pat Whelan, who examined the body, returned a verdict that deceased met death by taking poison. Mr. and Mrs. Reid have been living here for the past 18 months, coming here from Sinton. Neighbors had noticed that the home for the past two days had been quiet and that no one was about the place and becoming alarmed they telephoned the officers who made the investigation and the gruesome discovery.

HOBBY AT FRANKLIN.

Franklin, Tex., July 17.—Governor W. P. Hobby will speak here Friday at 3 o'clock p. m. Friends of the governor are arranging to hold a general rally. A parade will start at Bremond and move down through Hammond and Calvert to Hearne, where it will be joined by people from Hearne, Mumford, Benchley, Wheelock and Franklin. The governor will head the procession from Hearne to Franklin.

THINKS BELGIUM IS A WORLD QUESTION.

(By Associated Press.) London, July 17.—Prof. Hans Delbrück, in German newspapers, declares Germany will lose nothing by freeing Belgium. He adds that Belgium is a world question and that the world can not accept even indirect rule of Belgium by Germany.

STEAMSHIP SUBBED.

(By Associated Press.) Athens, July 17.—The Spanish steamship on which Minister Lopez de Vega was returning to Spain has been torpedoed by a German submarine. De Vega and his family escaped. The ship flew the minister's flag.

BRIDGES UNDER FIRE.

(By Associated Press.) Paris, July 17.—French counter attacks have brought the German bridges over the Marne under French fire.

(By the Associated Press)

French Front, July 17.—Forty-eight hours have sufficed to hold the German attacks launched Monday. The enemy units turned back from the direction of Paris are being held in check by fresh troops, and the position of the German columns which gained a footing on the south bank of the Marne have become perilous. East of Rheims the German efforts have been foiled, while they have made very little progress west of Rheims. The Hun's hope of effecting a breach has not been realized, as the allied armies everywhere have been maintained intact.

German "inoffensive offensive," is the way the latest effort of von Ludendorff is described by Gustav Thery. The object of the enemy was Chalons, Thery says, against which a converging mass from two directions was sent. This convergence was smashed owing to the brilliant leadership of France's new hero, Gen. J. E. Gourad, who allowed the German blow to expend itself on empty space, then shot them to pieces before they reached the French lines.

Forces under the crown prince yesterday advanced another three miles down the Marne valley, making a total penetration of six miles near Festigny. This six-mile penetration at Festigny does not mean the Germans advanced that distance south of the Marne, as Festigny is two and three-quarter miles south of the river.

The German "offensive" on the third day ceased in appearance to be a general attack and takes on the appearance of local operations, experts say, apparently resolving into an attempt to encompass Rheims.

The German casualties in the present offensive are estimated at not less than 100,000.

MADE NIGHT ATTACK.

(By the Associated Press)

Paris, July 17.—The Huns attacked last night north of St. Agnan, penetrating into Bourdonnerie. The battle is still in progress this morning. Further east the French held the enemy in the outskirts of Bouquieny Wood and the village of Nesles. The Huns made a powerful attack near Monvoisin, but were driven out by a French counter attack. Between the river Marne and Rheims in Courton Wood, the fighting is violent. The Germans attacked in Vignay region, but their assault broke down. East of Rheims the German local attacks were fruitless and costly. At this point the French positions were maintained intact. In renewed attacks on Beaumont, the Germans suffered heavy losses.

REGAINED LOST GROUND.

(By Associated Press)

Paris, July 17.—An American general at Conde Monday, after being forced to retreat, sent word to the French command that it was unheard of for the American flag to be pushed back, adding that he proposed to counter attack. He did so, regained the lost ground and took an additional half mile from the Germans.

BRITISH TAKE PRISONERS.

(By Associated Press)

London, July 17.—The British took prisoners last night in raids east of Villers-Bretonneux and the neighborhood of Hulluch. German artillery is active in Somme, Ancre and Arras regions; German guns also active in Flanders.

BOLSHEVIKI ALARMED.

(By Associated Press)

London, July 17.—Tokio reports say bolshevik leaders in Irkutsk region are alarmed at anti-bolshevik coup at Vladivostok and are preparing to flee to Mongolia. The town of Klutchevsk, in trans-Bakal region, has been occupied by Czechoslovaks, following their capture of Irkutsk.

ARMY CASUALTY LIST.

(By Associated Press)

Washington, July 17.—The army casualty list today contains 172 names: Killed in action 38, died of wounds 16, died of disease 4, died in airplane accident 2, missing in action 9, prisoners 1.

Wounded severely: Weldon Giles of Leonard, Texas; John R. Coolidge of Fort Worth and Robert Hickey of Denton.

TOOK 500 PRISONERS.

(By Associated Press)

Washington, July 17.—General Pershing's communication for Monday reports Americans took 500 prisoners in the counter attack which drove the Germans back to the Marne east of Chateau-Thierry.

AMERICAN EFFICIENCY.

(By Associated Press)

American Army on the Marne, July 17.—Five German airplanes and one balloon were destroyed by Americans near Dormans.

THREE MEN GO TONIGHT.

The local exemption board will send three men to Camp Mabry at Austin tonight. The men are Lucius C. Higgins, Ruben S. Edmunds and Victor H. Wisniewski. They will enter the service as auto mechanics. One hundred and thirty colored troops will be entrained tomorrow for Camp Travis at San Antonio.

THE BRYAN WEEKLY EAGLE

AND PILOT

Published every Thursday by the Eagle Printing Co., Ed. E. Talmage, Editor; Arch B. O'Flaherty, General Manager. Member of Associated Press. (By Associated Press.) London, July 17.—Generals Pershing and Bliss have been signally honored. The former has been given the grand cross of the Order of Bath and the latter the grand cross of the Order of St. Michael and St. George.

DISTINCTLY SATISFACTORY.

(By Associated Press.) London, July 17.—Position of allies at the present stage of the German offensive are highly satisfactory, reports from France say.

SPENDING MONEY OF AMERICAN SOLDIERS TO BE PAID QUICKLY

(By Associated Press.) With American Army in France, June 17.—(By Mail)—Every American soldier in France will receive a "bank book" enabling him to draw \$7.50 a month from any disbursing officer, if the change in pay methods of the American expeditionary force now under consideration is put into effect. The purpose is to enable every soldier to obtain promptly at least a part of his monthly pay regardless of where he may be, whether in a hospital or with some organization other than his own.

The "pay book" system is in use in the British army. The sum of \$7.50 a month has been fixed as the minimum which a soldier should have for his personal wants every month and it would be given to him on his demand.

Each three or four months there would be a general accounting at which his total pay, his insurance and other allotments, his liberty loan subscriptions and other items would be cast up, together with his monthly drafts. The balance then due him would be put at his disposal.

The soldier would have the advantage of being able at all times and under all circumstances to draw something from any quartermaster in whose district he might find himself.

The proposed system would eliminate the present necessity of having on hand each soldier's service record whenever he draws any money. The service record system, designed for times of peace, does not take into account the frequent shifts which all military men must be prepared for. In many instances nowadays it works hardships on individual men who are transferred faster than their service records can follow them and who consequently cannot draw their money when it is due, merely because the formalities cannot be complied with.

The proposed new system appeals as specially advantageous for camps where there are constantly large numbers of "casuals" straggling belonging to dozens and scores of organizations waiting to join their outfits yet unable to draw what money is due them until the service records have caught up to them.

LENINE MAY BREAK.

(By Associated Press.) Amsterdam, July 17.—Wireless message received here states Premier Lenine is about to break diplomatic relations with England and any other country connected with the landing of armed forces on the Murman coast. Americans have been landed there, it is known.

NEGRO BRUTE SLASHED WOMAN TO DEATH.

(Associated Press.) Dallas, July 17.—Early this morning a negro assaulted Mrs. J. E. Wolford, who resided in Dallas county, and slashed her to death with a knife.

The negro was captured and rushed to this city for safe-keeping.

A mob at noon today attempted to batter down the doors of the county jail and remove the negro but were driven away by deputies with shotguns.

GRADUALLY CHANGING THEIR OPINIONS.

(Associated Press.) Amsterdam, July 17.—The Austro-Hungarian government regards the war as "useless and senseless" bloodshed and believes it might be ended the moment the allies again manifest feelings of humanity, says Baron Burian, Austro-Hungarian foreign minister.

RUSH RECRUITING OF INFANTRY REGIMENT

Houston, July 17.—Brigadier General J. F. Wolters, commanding the first cavalry brigade and incidentally organizing a regiment of infantry in this section, has received instructions to rush the recruiting with greater speed.

It is generally understood the infantry will be used for border service with the cavalry. About one-third of the regimental strength has been recruited.

Houston will have three units in the regiment; the headquarters company, machine gun company and company A. These are being recruited rapidly. The field officers are being appointed directly by the adjutant general.

The following line officers have been appointed subject to federal inspection and examination: Headquarters company, Houston, Captain James D. Grant; machine gun company, Houston, Captain Max Keller; supply company, Bryan, Captain George M. Brandon; company A, Houston, Captain Ashley M. Denton; company B, Conroe, Captain Charles H. Bennet; company C, Garrettsville, Captain Samuel T. Robb; company D, Orange, Captain William E. Lean; company E, Woodville, Captain James E. Wheat; company F, Tyler, Captain V. Hughes; company G, Marlin, Captain Charles B. Monday; company H, Eagle Lake, Captain Milby Gunn; company I, Nacogdoches, Captain Richard B. Walthall; company K, Brenham, Captain Heber Stone; company L, Center, Captain William A. Bridges.

The inspection of the first cavalry brigade is progressing rapidly. Lieutenant Colonel Fitzhugh Lee, 304th cavalry, is inspecting the first regiment. He is accompanied by Brigadier General Wolters and Lieutenant James K. Vaughan, aide de camp.

Officers of the regiment will assemble in Houston Friday to hear a lecture by Lieutenant Colonel Lee upon the "Cavalry Branch of the Service."

WOMAN FOUND DEAD.

Corpus Christi, Tex., July 17.—When police officers battered down the back door of the home of Mrs. E. Reid at 315 Waco street they found the body of Mrs. Reid lying on the bed. She had been dead for probably two days or longer. Justice of the Peace Pat Whelan, who examined the body, returned a verdict that deceased met death by taking poison. Mr. and Mrs. Reid have been living here for the past 18 months, coming here from Sinton. Neighbors had noticed that the home for the past two days had been quiet and that no one was about the place and becoming alarmed they telephoned the officers who made the investigation and the gruesome discovery.

HOBBY AT FRANKLIN.

Franklin, Tex., July 17.—Governor W. P. Hobby will speak here Friday at 9 o'clock p. m. Friends of the governor are arranging to hold a general rally. A parade will start at Bremond and move down through Hammond and Calvert to Hearne, where it will be joined by people from Hearne, Mumford, Benchley, Wheelock and Franklin. The governor will head the procession from Hearne to Franklin.

THINKS BELGIUM IS A WORLD QUESTION.

(By Associated Press.) London, July 17.—Prof. Hans Delbruck, in German newspapers, declares Germany will lose nothing by freeing Belgium. He adds that Belgium is a world question and that the world can not accept even indirect rule of Belgium by Germany.

STEAMSHIP SUBBED.

(By Associated Press.) Athens, July 17.—The Spanish steamship on which Minister Lopez de Vega was returning to Spain has been torpedoed by a German submarine. De Vega and his family escaped. The ship flew the minister's flag.

BRIDGES UNDER FIRE.

(By Associated Press.) Paris, July 17.—French counter attacks have brought the German bridges over the Marne under French fire.

(By the Associated Press)

French Front, July 17.—Forty-eight hours have sufficed to hold the German attacks launched Monday. The enemy units turned back from the direction of Paris are being held in check by fresh troops, and the position of the German columns which gained a footing on the south bank of the Marne have become perilous. East of Rheims the German efforts have been foiled, while they have made very little progress west of Rheims. The Hun's hope of effecting a breach has not been realized, as the allied armies everywhere have been maintained intact.

German "inoffensive offensive," is the way the latest effort of von Ludendorff is described by Gustav Thery. The object of the enemy was Chalons, Thery says, against which a converging mass from two directions was sent. This convergence was smashed owing to the brilliant leadership of France's new hero, Gen. J. E. Gourad, who allowed the German blow to expend itself on empty space, then shot them to pieces before they reached the French lines.

Forces under the crown prince yesterday advanced another three miles down the Marne valley, making a total penetration of six miles near Festigny. This six-mile penetration at Festigny does not mean the Germans advanced that distance south of the Marne, as Festigny is two and three-quarter miles south of the river.

The German "offensive" on the third day ceased in appearance to be a general attack and takes on the appearance of local operations, experts say, apparently resolving into an attempt to encompass Rheims.

The German casualties in the present offensive are estimated at not less than 100,000.

MADE NIGHT ATTACK.

(By the Associated Press)

Paris, July 17.—The Huns attacked last night north of St. Agnan, penetrating into Bourdenierie. The battle is still in progress this morning. Further east the French held the enemy in the outskirts of Bouquieny Wood and the village of Nesles. The Huns made a powerful attack near Monvoisin, but were driven out by a French counter attack. Between the river Marne and Rheims in Courton Wood, the fighting is violent. The Germans attacked in Vignay region, but their assault broke down. East of Rheims the German local attacks were fruitless and costly. At this point the French positions were maintained intact. In renewed attacks on Beaumont, the Germans suffered heavy losses.

REGAINED LOST GROUND.

(By Associated Press)

Paris, July 17.—An American general at Conde Monday, after being forced to retreat, sent word to the French command that it was unheard of for the American flag to be pushed back, adding that he proposed to counter attack. He did so, regained the lost ground and took an additional half mile from the Germans.

BRITISH TAKE PRISONERS.

(By Associated Press)

London, July 17.—The British took prisoners last night in raids east of Villers-Bretonneux and the neighborhood of Hulluch. German artillery is active in Somme, Ancre and Arras regions; German guns also active in Flanders.

BOLSHEVIKI ALARMED.

(By Associated Press)

London, July 17.—Tokio reports say bolshevik leaders in Irkutsk region are alarmed at anti-bolshevik coup at Vladivostok and are preparing to flee to Mongolia. The town of Klutshchevsk, in trans-Bakal region, has been occupied by Czech-Slovaks, following their capture of Irkutsk.

TWO MORE BOXES OUT.

The total registrations of women voters in Brazos county as given the Eagle by Deputy Collector C. M. Bethany at 3 o'clock this afternoon was 1030, with two more rural precincts to hear from. The precincts not yet reported are Tabor and Milican.

ARMY CASUALTY LIST.

(By Associated Press)

Washington, July 17.—The army casualty list today contains 172 names: Killed in action 38, died of wounds 16, died of disease 4, died in airplane accident 2, missing in action 9, prisoners 1.

Wounded severely Weldon Giles of Leonard, Texas; John R. Coolidge of Fort Worth and Robert Hickey of Denton.

TOOK 500 PRISONERS.

(By Associated Press)

Washington, July 17.—General Pershing's communication for Monday reports Americans took 500 prisoners in the counter attack which drove the Germans back to the Marne east of Chateau-Thierry.

AMERICAN EFFICIENCY.

(By Associated Press)

American Army on the Marne, July 17.—Five German airplanes and one balloon were destroyed by Americans near Dormans.

THREE MEN GO TONIGHT.

The local exemption board will send three men to Camp Mabry at Austin tonight. The men are Lucius C. Higgins, Ruben S. Edmunds and Victor H. Wisniewski. They will enter the service as auto mechanics. One hundred and thirty colored troops will be entrained tomorrow for Camp Travis at San Antonio.

EDITORIAL DEPARTMENT OF THE BRYAN WEEKLY EAGLE

A Clean-up in Bryan.

One benefit in having an army camp near at hand is the requirement that establishments catering to the internal desires of soldiers shall maintain their places in a clean and sanitary manner. The U. S. public health service and the war departments are looking after the health of the soldiers as never before in the history of any government, and are seeking to protect them from illness and disease in every form far as science can give them light so to do. The requirements of the army officers have recently been made known to Bryan caterers. These may seem stringent but they are not, if we really know of what cleanliness consists. The trouble with a good many of us is that we imagine we are maintaining our places in a clean and sanitary manner when as a matter of fact we are not doing it. Lack of scientific knowledge has caused trouble for many an honest caterer. Many a merchant imagines that his goods are clean because he has recently took them from the case in which he bought them, yet they may be dusty and fly specked and even stained. It is some job to keep goods in perfect condition but that degree of perfection is what the war department requires before it will give a certificate to the owner. Soldiers are prohibited from entering places that do not display their certificates of cleanliness, and if need be a guard will be maintained at the entrance to prevent soldiers from entering. The civilian may do as he please about it, but not many civilians will enter a place upon which the war department has placed its ban. It would be a mighty poor advertisement for a caterer if a couple of soldiers should be stationed at his front door.

Just what is required of caterers to the soldier trade is set forth in the rules promulgated at Camp Logan, Houston and will be made to apply here. Dr. Zeigler of the public health service who was here last week, appeared before the city commission and received the promise of its co-operation in the work. The rules enforced at Houston and which will be enforced here, as far as the army officers are concerned, are as follows:

(1) Any person, firm or corporation operating or conducting a hotel, inn, restaurant, lunch counter, boarding house, bakery or bakery shop, creamery or ice cream factory or parlor, confectionery, soda fountain, delicatessen, sausage factory, cheese factory, tamale factory, fruit store, soda water factory, refreshment establishment of any kind, establishments of any kind for the manufacture or sale of foods, barber shop, manicure parlor, Turkish bath or massage parlor, in Harris county, Texas, within five miles of Camp Logan or Ellington Field, shall before employing or permitting any person to work in such place, handling food or serving the public, require of said person a certificate from a medical officer of the U. S. public health service certifying that the person so employed has been physically examined by him within the last month and that he or she is at the time of such examination free from any infectious, contagious or communicable disease. Each person engaged in any capacity in the businesses herein described shall be vaccinated against typhoid fever and smallpox by a medical officer of the United States public health service.

All such places of business shall be thoroughly screened (except barber shops, manicure parlors, Turkish bath or massage parlors) so as to keep out flies. No unscreened establishments, (except barber shops, manicure parlors, Turkish bath or massage parlors) street counter, stall or store shall be granted a certificate of inspection.

(3) All employees of such establishments shall wear clean and sanitary clothes and keep their hands, finger nails and person in a cleanly condition.

(4) Each person engaged in the business as herein described shall at all times maintain the premises in a clean and sanitary condition; well illuminated and ventilated; free from vermin, foul odors, dust, dirt, accumulations of wastes, and refuse of all character.

(5) All foods offered for sale or exchange shall be in sealed packages, or else covered by some permanent means, such as glass, wood or metal, in such manner as to adequately protect it from flies, dirt or contamination.

(6) All utensils used in the preparation, service or sale of any food or drink shall be sterilized in hot boiling water after being used once or by one patron and under no circumstances shall any utensil be used a second time without such sterilization.

(7) Individual paper utensils may be used once and then destroyed.

(8) Napkins, after being used by a customer, shall not be used to wipe dishes.

(9) Individual towels shall be furnished for each employee with adequate supply of soap and running water.

(10) Establishments not having available running water from the city supply of Houston shall use only such other supply as shall be certified by the U. S. public health service as safe and suitable for human consumption and same shall be drawn, stored and maintained in such a manner as to preclude all possibility of contamination.

(11) In addition to the above the provisions of the Texas sanitary code Texas, food and drug law or health ordinances of the city of Houston, where applicable, shall apply and proprietors of establishments herein mentioned are obliged to inform themselves of such laws and ordinances.

burger stands and other street stands, which are mentioned and also sell meats to restaurants and private homes where soldiers may be entertained. The same is true of grocers, whose butter and cheese are kept in refrigerators, supposed to be maintained in a clean and sanitary manner. Thus we see that the rules may be carried further than appears on the face. These rules could be made the basis of a very thorough and very general clean-up and the teaching of several folks, perhaps, the real meaning of sanitation.

Austria is said to be seriously contemplating an announcement as to its foreign policy. In which event we may expect it to repeat what Mr. Hohenzollern permits it to say, which will be that they will be glad to entertain peace negotiations providing "we be allowed to retain all we have taken, that our colonial possessions be restored to us and that the several allied nations opposing us give us a bonus of billions for having entertained the world with the greatest war in history."

Congress gave the president authority to take control of the telegraph and telephone lines of the country as a war measure, and then adjourned until August 19 in order to give congressmen of Texas opportunity to come home and repair their badly dilapidated fences. As if the passage of this bill were not sufficient they will engage in some wire pulling at home in the next two weeks.

The government may take over the control of the tobacco industry. This is the first intimation of any special interest in the business of alfalfa growing.

If it were not war times and wicked to bet we would be willing to wager a wheat doughnut against a Spanish peanut that Mr. Ferguson carries neither Temple or Bell county.

HARVEY.

Mrs. W. P. Jones received a card from her son, Chester, saying that he had arrived safely in France.

John Ferguson has just returned from a tour of visits to his children.

Mrs. W. C. Raines and little son are visiting relatives in Houston this week.

Miss Willie Weeden is visiting her sister, Mrs. Devalson Buchanan of Wharton.

Miss Ardella Barron is visiting the little daughter of Mr. and Mrs. A. C. Williams.

A revival meeting at the Baptist church of Harvey will begin on Sunday, July 21. The revival at the Free Will church has been postponed but services will be held there next Saturday and Sunday.

We were very disappointed Friday afternoon for we felt sure we would get a rain but a great deal of wind and lightning resulted with just a very light shower.

Grandma Cole has been decidedly worse this past week. She has been confined to her room and mostly to her bed since last October, but she bears all her suffering without a murmur. You who complain of the heat and dull times think what this dear old lady has patiently endured confined for nine months to her bed, only sitting up a few times during that long period, yet cheerful and sweet, trying always to be as little trouble as possible. Her only pleasure is reading the papers when her eyes will permit. She is especially fond of her home paper, The Eagle. She can hear nothing that goes on except when spoken to directly in her ear. Nothing but the grace of God could enable one to thus "suffer and be still."

The patient devotion of her daughter, Mrs. M. E. Buchanan, to her has been beautiful. Some writer said, "I had rather have one rose bud bestowed while I live than a car load cast on my grave."

The women of this community are solicitous about their registration cards for fear they will be thrown out as being threatened to those who did not fill them out personally.

We fear the Harvey correspondent must write a poor hand. Last week we reported we would sew no more till August, but was published we would "send no more." The week before we said "All the Harvey women will vote the Hobby ticket," published "All the Hobby women will vote the Hobby ticket."

FIRST OATS EVER SOLD HERE IN THE OPEN MARKET.

For the first time in the history of Brazos county, as far as the oldest inhabitant is able to recall, the surplus of a crop of oats was sold in the market here. The grower is T. N. Kirby, tenant on the J. B. Dunn farm near Wheelock, who threshed 1200 bushels, of which he sold here today 600 bushels at 90 cents a bushel. He will reserve the remainder for his own use. Mr. Kirby produced an average of about 35 bushels to the acre, and would have done better had not the cold caught part of the crop. Besides this he is well supplied with feed stuffs, having fine corn, feterita and milo, maize, any one of which crops would be sufficient to do him. He expects to grind up some of the feterita and employ it as table food. He produced 90 bushels of wheat which he will use in making his own flour.

The oats were bought by C. G. Walker.

Catarrrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrrhal deafness, and that is by a constitutional remedy. Catarrrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. J. C. FENNEY & CO. Toledo, O.

STATE BANK PLANS ACCEPTED AND BIDS TO BE ASKED FOR

At a meeting of the board of directors of the First State Bank and Trust company yesterday evening, the building committee was authorized to go ahead with the new building. The plans of M. L. Waller of Fort Worth were accepted tentatively and bids are to be asked shortly. The plans and specifications are on exhibition in the bank.

The exterior of the new building will be different from anything of the kind in the city. The entrance will be on Main street, indicated by a handsome ornate swing awning, and at the rear the building will be separated by a fire wall and constitute in effect a separate building, but conforming architecturally to the remainder of the building. A handsome ornate cornice will decorate the front and the long stretch along the side. The windows are of distinctive design. The old rear walls will be torn away and replaced with new walls to the full height of the building, which will be of two stories and measure about 30 feet.

The bank is entered from the Main street front, through a vestibule leading into a corridor 12 feet wide running down the center. The working space will be along the street side of the building and three offices along the other side are arranged, with one set aside as a ladies' rest room. A new vault is to be built along the present one and above these a mezzanine floor will be placed which will be used as a room for the directors.

The upper floor over the bank will be divided into office spaces and reached by a stairway leading from Main street. This portion of the building will be fireproof, being constructed of concrete and steel, for the most part, with concrete floors above and below. Steam heat will be employed.

The plans indicate that the banking room will be both spacious and ornate. It will be about 36 feet wide in the clear, or double the present floor space, and the designs for the finish show something really artistic and delightful to the eye.

The rear building is being designed for the use of a manufacturing plant or mercantile establishment.

FALL FROM ROOF FATAL.

New Braunfels, Tex., July 16.—Joseph Kern, aged 47, one of the painters who were injured in a fall Saturday afternoon from a roof which they were painting, died from the effects of a fractured skull Saturday night. The condition of the other two men has somewhat improved.

For Indigestion, Constipation or Biliousness

Just try one 50-cent bottle of LAX-POS WITH PEPSIN. A Liquid Digestive Laxative pleasant to take. Made and recommended to the public by Paris Medicine Co., manufacturers of Laxative Bromo Quinine and Grove's Tasteless Chill Tonic.

MAMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look at Tongue! Move Poisons From Liver and Bowels at Once.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore doesn't eat, sleep or act naturally, has stomach ache, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

TWO WEEKS WORK DONE IN A DAY IN ARMY TRAINING CAMP

(By Associated Press)

Camp Travis, San Antonio, July 15.—The problem that confronts the army today in receiving thousands of men from civilian life and putting them into the discipline of military life is vastly different from the recruiting problems of the old-time regular army. Men now come into the various camps at the rate of about 1000 or more a day. They come hungry and somebody has to feed them. Most of them are worn out from their journey of a day or two on a crowded train and somebody has to put them to bed. Some of them may have contracted measles, rumps or something worse, and they must be looked after for there must be no retarding in the training of the national forces.

In the old days when the army was an affair of about 70,000 or 80,000 men it was a slow process training men. They were in no special hurry and not so much efficiency was necessary. Men went for weeks, perhaps months, without being given uniforms. It was a slow process sending a few men at a time to the medical infirmary for examination. Everywhere men stood for hours waiting for the customary inoculation.

But when the arrivals became more steady since the country's entrance into the war, the old system has become mired down in its complexities. Now when new men arrive they are taken to a central receiving station immediately from the train. Upon entering the station they undress, first checking their valuables at the Y. M. C. A. They are then lined up and examined superficially by army physicians.

Then the maintaining line, they move through a series of shower baths soaping and scrubbing as they move along, drying themselves with towels furnished as they emerge, and proceed still in line and still on the move through a regular battery of medical experts who examine them for defects such as weak heart, bad lungs, defective feet, etc. Clerks take down their measurements and family history and vocational qualifications. Other clerks have their clothes ready for them with a substantial blue denim barrack bag to stow them in. Orthopedic specialists examine the fit of each man's shoes to see that he has not received too large a shoe through another's carelessness, or too small a shoe through his own vanity. The rocky then dons his uniform, puts the rest of his effects in the bag and reclaims his valuables from the Y. M. C. A. He mails his old clothes back home through the same organization. He then steps out a regular soldier ready for instruction and drill, with even his first inoculation for typhoid in his arm and all done in a single day.

The new system not only takes a heavy load off the individual commanders but advances the training schedule by a full two weeks.

REBUILDING BATTS HOME AND APARTMENT HOUSE CONTRACT LET

From Monday's Daily Eagle
Contractor C. E. Jenkins has begun the work of rebuilding the J. W. Batts home, which was partially destroyed by fire several weeks ago. The home will have the same outward appearance it did before it was burned, but the interior will be altered in some particulars, and the construction will be somewhat different.

Mrs. Batts has also contracted with him for the erection of another two-family house on the same plot of ground. This will face Twenty-eighth street, have an east and south exposure and be built along the lot line. So great is the demand for houses with full modern conveniences Mrs. Batts already has a tenant for one of the flats and anticipates no difficulty in filling the other before the building shall have been completed. Her first two-family house was engaged long before it was finished.

Secretary Eberstadt reports that he has a heavy demand for good houses now, three having applied to him yesterday, even if it was Sunday. And there are no first class houses to be had and not many of any other kind. This has been the situation here for the past 18 months or longer. The plan of Mrs. Batts of utilizing as much of her ground space as possible with buildings for rent is meeting with popular approval and brings her larger returns on her investment by far than would the same amount of ground space occupied by two or three cottages.

PROBATE COURT.

J. T. Maloney, Judge.
Estate of Holly S. Gillespie and others, minors, application of guardian to join in partition of land and execute deed granted. Report of sale approved; annual account filed.

Estate of Kathleen and George McMichael, minors; report of sale of real estate approved.

EQUALIZE PRICES OF SUGAR TO CONSUMER BY NEW SCHEME

(By Associated Press)

Washington, July 12.—Sugar prices to consumer will be equalized and the distribution made better, despite the threatened shortage, food administration officials predict, due to efforts of the sugar equalization board.

The board will be incorporated at \$5,000,000, the capital to be furnished by the president from his special war fund, and will have authority to acquire, even at a loss to the government, the production of beet sugar factories that can not under the present price of beets be sold to the public at a reasonable price, and other high cost sugar. This will be resold in the common lot at the stabilized price, thus saving considerable to the consumer.

Surgeons agree that in cases of cuts, burns, bruises and wounds the first treatment is most important. When an efficient antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Borzone is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Price 25c, 50c, \$1 and \$1.50. Sold by M. H. James.

FIRST BALE EARLIEST ON RECORD AT BRYAN

For the third time since a record has been kept Irvin Curtis, a Burleson county negro farmer, has brought the first bale of new cotton to Bryan. He came in with it this morning, had it ginned at the Eden gin and weighed at the Parker warehouse where it tipped the scales at 520 pounds. It was consigned to W. E. Saunders.

The cotton graded middling. This bale is nine days ahead of any other on record, and it is not considered a good omen unless copious rains fall soon. The record of new bales is as follows.

1908, July 25; 1909, July 27; 1910, July 28; 1911, July 26; 1912, July 30; 1913, July 25; 1914, July 28; 1915, August 2; 1916, July 26; 1917, July 30; 1918, July 16.

The local oil mill had offered a prize of \$100 for the first cottonseed but as the food administration objected to this, Curtis was given the market price for the seed and \$20 as a premium.

If you feel "blue," "No account," lazy, you need a good cleaning out. Herbine is the right thing for that purpose. It stimulates the liver, tones up the stomach and purifies the bowels. Price 60c. Sold by M. H. James.

666 cures malarial fever.

OVER 1,100,000 MEN SENT ABROAD SINCE WE ENTERED WAR

(By Associated Press)

Washington, July 13.—American troops overseas and on shipboard en route passed 1,100,000 mark, the chief of staff, General March, told the senate committee today. This represents an increase of 90,000 since last week. Aegulars, national guardsmen and national army men are included in the corps. A partial identity of the men was also disclosed.

General March said the shipment of troops is proceeding without let-up and the same rate is being maintained in July as in previous months.

Three army corps of from 225,000 to 250,000 men have been organized from the American divisions in France, said General March. Major General Hunter Liggett commands the first, but the others are unannounced.

When you feel lazy, out of sorts and yawn a good deal in the daytime you can charge it to a torpid liver which has allowed the system to get full of impurities. Herbine cures all disorders should also be a bottle of Me-strengthens that organ, cleanses the bowels and puts the system in good healthy condition. Price 60c. Sold by M. H. James.

Same Goods For
Less Money

Racket Store

More Goods For
Same Money

All Goods Must Go Regardless of Cost to Make Room for Large Fall Stock This Season.

We all know these days are long, good and hot, and very little merchandise is needed these hot days. But opportunities does not always offer itself in merchandise to be bought at prices far below their value. Can you resist these temptations to let these goods go and not get your share of them at prices we are offering them during this sale. Many thousands of seasonable merchandise we are slaughtering at a sacrifice, in cost and profits, to be able to dispose of these goods so as to get the cost and make room for a large, well bought stock of Merchandise for fall trade. Remember, all odds and ends in every department are being sold regardless of cost. 50c Cash is more t ous now than dollars on the shelf in summer goods and out of season goods this fall. You will pay from 25 to 50 cents more for these goods in less than 30 days. Matters not if cotton would be sold for 10c lb, this will not make goods cheaper this fall for every manufacturer is running day and night and their products are all sold for six months ahead. So to wait for cheaper prices is like waiting to know when or how long it will be before this war will end. One year ago I told you goods were cheaper then than you will buy them again for years to come. I repeat again to all, our goods we are offering during this Closing Out Sale is cheaper than you will buy again this fall or year to come, and if you are after bargains, and times are hard with you, money with you is scarce, then call and see us and we will show you how a little money will go a long way and comfort you in more ways than one, during this Great Clearing Out Sale.

EDITORIAL DEPARTMENT OF THE BRYAN WEEKLY EAGLE

A Clean-up in Bryan.

One benefit in having an army camp near at hand is the requirement that establishments catering to the internal desires of soldiers shall maintain their places in a clean and sanitary manner. The U. S. public health service and the war departments are looking after the health of the soldiers as never before in the history of any government, and are seeking to protect them from illness and disease in every form as far as science can give them light so to do. The requirements of the army officers have recently been made known to Bryan caterers. These may seem stringent but they are not, if we really know of what cleanliness consists. The trouble with a good many of us is that we imagine we are maintaining our places in a clean and sanitary manner when as a matter of fact we are not doing it. Lack of scientific knowledge has caused trouble for many an honest caterer. Many a merchant imagines that his goods are clean because he has recently took them from the case in which he bought them, yet they may be dusty and fly specked and even stained. It is some job to keep goods in perfect condition but that degree of perfection is what the war department requires before it will give a certificate to the owner. Soldiers are prohibited from entering places that do not display their certificates of cleanliness, and if need be a guard will be maintained at the entrance to prevent soldiers from entering. The civilian may do as he please about it, but not many civilians will enter a place upon which the war department has placed its ban. It would be a mighty poor advertisement for a caterer if a couple of soldiers should be stationed at his front door.

Just what is required of caterers to the soldier trade is set forth in the rules promulgated at Camp Logan, Houston and will be made to apply here. Dr. Zeigler of the public health service who was here last week, appeared before the city commission and received the promise of its co-operation in the work. The rules enforced at Houston and which will be enforced here, as far as the army officers are concerned, are as follows:

(1) Any person, firm or corporation operating or conducting a hotel, inn, restaurant, lunch counter, boarding house, bakery or bakery shop, creamery or ice cream factory or parlor, confectionery, soda fountain, delicatessen, sausage factory, cheese factory, tamale factory, fruit store, soda water factory, refreshment establishment of any kind, establishments of any kind for the manufacture or sale of foods, barber shop, manicure parlor, Turkish bath or massage parlor, in Harris county, Texas, within five miles of Camp Logan or Ellington Field, shall before employing or permitting any person to work in such place, handling food or serving the public, require of said person a certificate from a medical officer of the U. S. public health service certifying that the person so employed has been physically examined by him within the last month and that he or she is at the time of such examination free from any infectious, contagious or communicable disease. Each person engaged in any capacity in the businesses herein described shall be vaccinated against typhoid fever and smallpox by a medical officer of the United States public health service.

All such places of business shall be thoroughly screened (except barber shops, manicure parlors, Turkish bath or massage parlors) so as to keep out flies. No unscrupulous establishments, (except barber shops, manicure parlors, Turkish bath or massage parlors) street counter, stall or store shall be granted a certificate of inspection.

(3) All employees of such establishments shall wear clean and sanitary clothes and keep their hands, finger nails and person in a cleanly condition.

(4) Each person engaged in the business as herein described shall at all times maintain the premises in a clean and sanitary condition; well illuminated and ventilated; free from vermin, foul odors, dust, dirt, accumulations of wastes, and refuse of all character.

(5) All foods offered for sale or exchange shall be in sealed packages, or else covered by some permanent means, such as glass, wood or metal, in such manner as to adequately protect it from flies, dirt or contamination.

(6) All utensils used in the preparation, service or sale of any food or drink shall be sterilized in hot boiling water after being used once or by one patron and under no circumstances shall any utensil be used a second time without such sterilization.

(7) Individual paper utensils may be used once and then destroyed.

(8) Napkins, after being used by a customer, shall not be used to wipe dishes.

(9) Individual towels shall be furnished for each employee with adequate supply of soap and running water.

(10) Establishments not having available running water from the city supply of Houston shall use only such other supply as shall be certified by the U. S. public health service as safe and suitable for human consumption and same shall be drawn, stored and maintained in such a manner as to preclude all possibility of contamination.

(11) In addition to the above the provisions of the Texas sanitary code Texas, food and drug law or health ordinances of the city of Houston, where applicable, shall apply and proprietors of establishments herein mentioned are obligated to inform themselves of such laws and ordinances.

This promises quite a thorough clean-up of the city. For example, hot boiling water is required for washing utensils used in serving the public, whereas soda water fountains have never employed that means in the ordinary course of the day's business. While meat markets are not mentioned in the rules, they sell meat to ham-

burger stands and other street stands, which are mentioned and also sell meats to restaurants and private homes where soldiers may be entertained. The same is true of grocers, whose butter and cheese are kept in refrigerators, supposed to be maintained in a clean and sanitary manner. Thus we see that the rules may be carried further than appears on the face. These rules could be made the basis of a very thorough and very general clean-up and the teaching of several folk, perhaps, the real meaning of sanitation.

Austria is said to be seriously contemplating an announcement as to its foreign policy. In which event we may expect it to repeat what Mr. Hohenzollern permits it to say, which will be that they will be glad to entertain peace negotiations, providing "we be allowed to retain all we have taken, that our colonial possessions be restored to us and that the several allied nations opposing us give us a bonus of billions for having entertained the world with the greatest war in history."

Congress gave the president authority to take control of the telegraph and telephone lines of the country as a war measure, and then adjourned until August 19 in order to give congressmen of Texas opportunity to come home and repair their badly dilapidated fences. As if the passage of this bill were not sufficient they will engage in some wire pulling at home in the next two weeks.

The government may take over the control of the tobacco industry. This is the first intimation of any special interest in the business of alfalfa growing.

If it were not war times and wicked to bet we would be willing to wager a wheat doughnut against a Spanish peanut that Mr. Ferguson carries neither Temple or Bell county.

HARVEY.

Mrs. W. P. Jones received a card from her son, Chester, saying that he had arrived safely in France.

John Ferguson has just returned from a tour of visits to his children.

Mrs. W. C. Raines and little son are visiting relatives in Houston this week.

Miss Willie Weeden is visiting her sister, Mrs. Devalon Buchanan of Wharton.

Miss Ardella Barron is visiting the little daughter of Mr. and Mrs. A. C. Williams.

A revival meeting at the Baptist church of Harvey will begin on Sunday, July 21. The revival at the Free Will church has been postponed but services will be held there next Saturday and Sunday.

We were very disappointed Friday afternoon for we felt sure we would get a rain but a great deal of wind and lightning resulted with just a very light shower.

Grandma Cole has been decidedly worse this past week. She has been confined to her room and mostly to her bed since last October, but she bears all her suffering without a murmur. You who complain of the heat and dull times think what this dear old lady has patiently endured confined for nine months to her bed, only sitting up a few times during that long period, yet cheerful and sweet, trying always to be as little trouble as possible. Her only pleasure is reading the papers when her eyes will permit. She is especially fond of her home paper, The Eagle. She can hear nothing that goes on except when spoken to directly in her ear. Nothing but the grace of God could enable one to thus "suffer and be still." The patient devotion of her daughter, Mrs. M. E. Buchanan, to her has been beautiful. Some writer said, "I had rather have one rose bud bestowed while I live than a car load cast on my grave."

The women of this community are solicitous about their registration cards for fear they will be thrown out as is being threatened to those who did not fill them out personally.

We feed the Harvey correspondent would write a poor hand. Last week we reported we would sew no more till August, but was published we would "send no more." The week before we said "All the Harvey women will vote the Hobby ticket," published "All the Hobby women will vote the Hobby ticket."

FIRST OATS EVER SOLD HERE IN THE OPEN MARKET.

For the first time in the history of Brazos county, as far as the oldest inhabitant is able to recall, the surplus of a crop of oats was sold in the market here. The grower is T. N. Kirby, tenant on the J. B. Dunn farm near Wheelock, who threshed 1200 bushels, of which he sold here today 600 bushels at 90 cents a bushel. He will reserve the remainder for his own use. Mr. Kirby produced an average of about 35 bushels to the acre, and would have done better had not the cold caught part of the crop. Besides this he is well supplied with feed stuffs, having fine corn, feterita and milo maize, any one of which crops would be sufficient to do him. He expects to grind up some of the feterita and employ it as table food. He produced 90 bushels of wheat which he will use in making his own flour.

The oats were bought by C. G. Walker.

Cataract Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrh of the ears and that is by a constitutional remedy. Catarrh of the ears is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrh of the ears that cannot be cured by Hall's Catarrh Medicine. Circulars free. J. C. CATARRH MEDICINE CO. Toledo, O.

STATE BANK PLANS ACCEPTED AND BIDS TO BE ASKED FOR

At a meeting of the board of directors of the First State Bank and Trust company yesterday evening, the building committee was authorized to go ahead with the new building. The plans of M. L. Waller of Fort Worth were accepted tentatively and bids are to be asked shortly. The plans and specifications are on exhibition in the bank.

The exterior of the new building will be different from anything of the kind in the city. The entrance will be on Main street, indicated by a handsome ornate swung awning, and at the rear the building will be separated by a fire wall and constitute in effect a separate building, but conforming architecturally to the remainder of the building. A handsome ornate cornice will decorate the front and the long stretch along the side. The old rear walls will be torn away and replaced with new walls to the full height of the building, which will be of two stories and measure about 30 feet.

The bank is entered from the Main street front, through a vestibule leading into a corridor 12 feet wide running down the center. The working space will be along the street side of the building and three offices along the other side are arranged, with one set aside as a ladies' rest room. A new vault is to be built alongside the present one and above these a mezzanine floor will be placed which will be used as a room for the directors.

The upper floor over the bank will be divided into office spaces and reached by a stairway leading from Main street. This portion of the building will be fireproof, being constructed of concrete and steel, for the most part, with concrete floors above and below. Steam heat will be employed.

The plans indicate that the banking room will be both spacious and ornate. It will be about 36 feet wide in the clear, or double the present floor space, and the designs for the finish show something really artistic and delightful to the eye.

The rear building is being designed for the use of a manufacturing plant or mercantile establishment.

FALL FROM ROOF FATAL.

New Braunfels, Tex., July 16.—Joseph Kern, aged 47, one of the three painters who were injured in a fall Saturday afternoon from a roof which they were painting, died from the effects of a fractured skull Saturday night. The condition of the other two men has somewhat improved.

For Indigestion, Constipation or Biliousness

Just try one 50-cent bottle of LAX-FOS WITH PEPSIN. A Liquid Digestive Laxative pleasant to take. Made and recommended to the public by Paris Medicine Co., manufacturers of Laxative Bromo Quinine and Grove's Tasteless Chill Tonic.

MAMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look at Tongue! Move Poisons From Liver and Bowels at Once.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore doesn't eat, sleep or act naturally, has stomach ache, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

TWO WEEKS WORK DONE IN A DAY IN ARMY TRAINING CAMP

(By Associated Press)
Camp Travis, San Antonio, July 15.—The problem that confronts the army today in receiving thousands of men from civilian life and putting them into the discipline of military life is vastly different from the recruiting problems of the old-time regular army. Men now come into the various camps at the rate of about 1000 or more a day. They come hungry and somebody has to feed them. Most of them are worn out from their journey of a day or two on a crowded train and somebody has to put them to bed. Some of them may have contracted measles, rumps or something worse, and they must be looked after for there must be no retarding in the training of the national forces.

In the old days when the army was an affair of about 70,000 or 80,000 men it was a slow process training men. They were in no special hurry and not so much efficiency was necessary. Men went for weeks, perhaps months, without being given uniforms. It was a slow process sending a few men at a time to the medical infirmary for examination. Everywhere men stood for hours waiting for the customary inoculation.

But when the arrivals became more steady since the country's entrance into the war, the old system has become mired down in its complexities. Now when new men arrive they are taken to a central receiving station immediately from the train. Upon entering the station they undress, first checking their valuables at the Y. M. C. A. They are then lined up and examined superficially by army physicians.

Then the maintaining line, they move through a series of shower baths soaping and scrubbing as they move along, drying themselves with towels furnished as they emerge, and proceed still in line and still on the move through a regular battery of medical experts who examine them for defects such as weak heart, bad lungs, defective feet, etc. Clerks take down their measurements and family history and vocational qualifications. Other clerks have their clothes ready for them with a substantial blue denim barrack bag to stow them in. Orthopedic specialists examine the fit of each man's shoes to see that he has not received too large a shoe through another's carelessness, or too small a shoe through his own vanity. The rocky then dons his uniform, puts the rest of his effects in the bag and reclaims his valuables from the Y. M. C. A. He mails his old clothes back home through the same organization. He then steps out a regular soldier ready for instruction and drill, with even his first inoculation for typhoid in his arm and all done in a single day.

The new system not only takes a heavy load off the individual commanders but advances the training schedule by a full two weeks.

REBUILDING BATTS HOME AND APARTMENT HOUSE CONTRACT LET

From Monday's Daily Eagle
Contractor C. E. Jenkins has begun the work of rebuilding the J. W. Batts home, which was partially destroyed by fire several weeks ago. The home will have the same outward appearance it did before it was burned, but the interior will be altered in some particulars, and the construction will be somewhat different.

Mrs. Batts has also contracted with him for the erection of another two-family house on the same plot of ground. This will face Twenty-eighth street, have an east and south exposure and be built along the lot line. So great is the demand for houses with full modern conveniences Mrs. Batts already has a tenant for one of the flats and anticipates no difficulty in filling the other before the building shall have been completed. Her first two-family house was engaged long before it was finished.

Secretary Eberstadt reports that he has a heavy demand for good houses now, three having applied to him yesterday, even if it was Sunday. And there are no first class houses to be had and not many of any other kind. This has been the situation here for the past 18 months or longer. The plan of Mrs. Batts of utilizing as much of her ground space as possible with buildings for rent is meeting with popular approval and brings her larger returns on her investment by far than would the same amount of ground space occupied by two or three cottages.

PROBATE COURT.

J. T. Maloney, Judge.
Estate of Holly S. Gillespie and others, minors, application of guardian to join in partition of land and execute deed granted. Report of sale approved; annual account filed.

Estate of Kathleen and George McMichael, minors; report of sale of real estate approved.

Estate of A. F. Wilson, deceased, authority granted to Mrs. Sammie Wilson to withdraw original will.

CAPTAIN JUAN HART DIES.

In Use For Over 30 Years
Always bears the Signature of J. C. H. Fletcher

EQUALIZE PRICES OF SUGAR TO CONSUMER BY NEW SCHEME

(By Associated Press)
Washington, July 12.—Sugar prices to consumer will be equalized and the distribution made better, despite the threatened shortage, food administration officials predict, due to efforts of the sugar equalization board.

The board will be incorporated at \$5,000,000, the capital to be furnished by the president from his special war fund, and will have authority to acquire, even at a loss to the government, the production of beet sugar factories that can not under the present price of beets be sold to the public at a reasonable price, and other high cost sugar. This will be resold in the common lot at the stabilized price, thus saving considerable to the consumer.

Surgeons agree that in cases of cuts, burns, bruises and wounds the first treatment is most important. When an efficient antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, Boronzo is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Price 25c, 50c, 10c and \$1.50. Sold by M. H. James.

666 cures malarial fever.

FIRST BALE EARLIEST ON RECORD AT BRYAN

For the third time since a record has been kept Irvin Curtis, a Burleson county negro farmer, has brought the first bale of new cotton to Bryan. He came in with it this morning, had it ginned at the Eden gin and weighed at the Parker warehouse where it tipped the scales at 520 pounds. It was consigned to W. E. Saunders.

The cotton graded middling.

This bale is nine days ahead of any other on record, and it is not considered a good omen unless copious rains fall soon. The record of new bales is as follows:

1908, July 25; 1909, July 27; 1910, July 28; 1911, July 26; 1912, July 30; 1913, July 25; 1914, July 28; 1915, August 2; 1916, July 26; 1917, July 30; 1918, July 16.

The local oil mill had offered a price of \$100 for the first cottonseed but as the food administration objected to this, Curtis was given the market price for the seed and \$20 as a premium.

If you feel "blue," "No account," lazy, you need a good cleaning out. Herbine is the right thing for that purpose. It stimulates the liver, tones up the stomach and purifies the bowels. Price 60c. Sold by M. H. James.

OVER 1,100,000 MEN SENT ABROAD SINCE WE ENTERED WAR

(By Associated Press)
Washington, July 13.—American troops overseas and on shipboard en route passed 1,100,000 mark, the chief of staff, General March, told the senate committee today. This represents an increase of 90,000 since last week.

Regulars, national guardsmen and national army men are included in the corps. A partial identity of the men was also disclosed.

General March said the shipment of troops is proceeding without let-up and the same rate is being maintained in July as in previous months.

Three army corps of from 225,000 to 250,000 men have been organized from the American divisions in France, said General March. Major General Hunter Liggett commands the first, but the others are unannounced.

When you feel lazy, out of sorts and yawn a good deal in the daytime you can charge it to a torpid liver which has allowed the system to get full of impurities. Herbine cures all disorders. There should also be a bottle of Me-stronghtens that organ, cleanses the bowels and puts the system in good healthy condition. Price 60c. Sold by M. H. James.

Grand Clearing Out Sale

AT

M. BONNEVILLE

On the Corner West of Main Street

Same Goods For
Less Money

Racket Store

More Goods For
Same Money

All Goods Must Go Regardless of Cost to Make Room for Large Fall Stock This Season.

We all know these days are long, good and hot, and very little merchandise is needed these hot days. But opportunities does not always offer itself in merchandise to be bought at prices far below their value. Can you resist these temptations to let these goods go and not get your share of them at prices we are offering them during this sale. Many thousands of seasonal merchandise we are slaughtering at a sacrifice, in cost and profits, to be able to dispose of these goods so as to get the cost and make room for a large, well bought stock of Merchandise for fall trade. Remember, all odds and ends in every department are being sold regardless of cost. 50c Cash is more than 50 cents now on the shelf in summer goods and out of season goods this fall. You will pay from 25 to 50 cents more for these goods in less than 30 days. Matters not if cotton would be sold for 10c lb. this will not make goods cheaper this fall for every manufacturer is running day and night and their products are all sold for six months ahead. So to wait for cheaper prices is like waiting to know when or how long it will be before this war will end. One year ago I told you goods were cheaper then than you will buy them again for years to come. I repeat again to all, our goods we are offering during this Closing Out Sale is cheaper than you will buy again this fall or year to come, and if you are after bargains, and times are hard with you, money with you is scarce, then call and see us and we will show you how a little money will go a long way and comfort you in more ways than one, during this Great Clearing Out Sale.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years

THE CENTAUR COMPANY, NEW YORK CITY

LATEST PARISIAN NOVELTY BOMBING OF NEW YORK.

(By Associated Press)
Amsterdam, June 16.—(By Mail)—A cartoon in the latest issue of the German comic paper Jugend pictures a German air raid on New York. The scene is a New York roof garden, from which the sky is shown ablaze with bombs, shrapnel and fighting planes. An American "millionaire" is shown escorting his richly-clad wife, who is said to be "shrinking in terror before the apparition in the sky." He reassures her by saying soothingly: "Well, my dear, you have always been keen on having the latest Parisian novelties. Now you've got them."

Doing hard work in a bent or stooping position puts a strain on the back that is painful. If the muscles have become strained you can't get rid of it without help. The great penetrating power of Ballard's Snow Liniment will appeal to you most strongly at such times, because it is the very thing you need. Price 25c, 50c and \$1 per bottle. Sold by M. H. James.

RICHEST ENGLISH ACTOR.

London, June 16.—(By Mail)—The will of the late Sir George Alexander, the English actor-manager, has just been probated here and shows that he left an estate valued at \$450,000. This constitutes a record for a fortune accumulated by an English actor, the nearest approach to it being the estate of \$400,000 left by J. L. Toole, Sir Henry Irving's estate was probated at \$100,000 and Charles Kean left \$175,000.

OLD TIME RESIDENT DIES.

Flotonia, Tex., July 16.—Mrs. A. Eidebach, aged 77 years, an oldtime resident of this place, died yesterday at the family residence after a long illness. She was a devout Christian and leaves her husband and three sons to mourn her loss.

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTELESS CHILL TONIC. It purifies and enriches the blood and builds up the whole system. You can soon feel its strengthening, invigorating effect. 60c.

SANITARY PLACES REQUIRED IN BRYAN BY HEALTH OFFICERS

From Friday's Daily Eagle
Dr. M. V. Zeigler of the United States public health service, arrived in Bryan on a noon train for the purpose of inspecting the restaurants, hotels, barber shops and other places catering to the public. Dr. Zeigler is located at Camp Logan and is in the medical service of the army but comes here not only with a view of protecting the soldiers stationed at the college but to help the civilian population to obtain better sanitary and health conditions. This is the work which was discussed by the directors of the business club Tuesday and for which a special committee was appointed. The places inspected include every one which prepares or serves food of any kind, like tamale factories, cheese factories, soda water factories or soda water factories, also those providing bathing places or barber shops, manicure parlors and the like. Every employee of such places is given an inspection to ascertain if he has any communicable disease such as typhoid, venereal diseases, smallpox and the like and is given inoculations against these diseases, where possible. Once a man has been cleaned up he is given a certificate to that effect. Premises that are cleaned and made sanitary according to the rules are also given a certificate which is to be posted and retained unless the authorities find that the place is unsanitary. Insofar as the army is concerned soldiers are prohibited from patronizing places that do not come up to the sanitary regulations and a place without a certificate would be in a bad way.

CITY IS BUYING BONDS.

From Monday's Daily Eagle
The city is buying bonds today. Arrangements have been made for the purchase with sinking fund money of \$3500 worth of city hall bonds, \$3000 of which are held by the First National bank and \$500 in a sinking fund of one of the city's bond issues. Of this purchase \$1000 worth of the bonds are in shape for destruction.

In every home where there is a baby there should also be a bottle of McGee's Baby Elixir. It may be needed at any time to correct sour stomach, wind colic, diarrhoea or summer complaint. It is a wholesome remedy, contains no opium, morphine or injurious drug of any kind. Price 25c and 50c per bottle. Sold by M. H. James.

666 cures bilious fever.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take, 60c per bottle.

MILICAN DISTRICT ROAD BONDS SOLD TO CINCINNATI FIRM

Bonds of Millican road district to the amount of \$53,000 have been sold through an Austin agency to a Cincinnati firm for par and accrued interest. County sinking funds have been used to purchase the balance of \$17,000. Judge J. T. Maloney was in Austin Monday with reference to the matter. The usual formalities will have to be complied with, these being the submission of the transcript of the proceedings with reference to the issuance of the bonds and the securing of the opinion of a bond attorney acceptable to the purchasers before the money will be paid. Judge Maloney has had charge of the matter under authority of the commissioners court.

The election was held nearly a year ago in the Millican district for voting \$70,000 bonds for the purpose of building the main highway from the line of district No. 1 to the Navasota county line and for the construction of lateral roads in the district to be used as rural mail routes. The rural mail routes have never been formally approved by Postmaster General Burleson, owing to failure to meet one requirement or another of the law and regulations but by the time the road shall have been built as it will doubtless be under the sale of the entire issue of the bonds, the rural route proposition will have been settled. Authority for about \$35,000 state and federal aid has been secured for the building of the main highway through the district, this to be paid as the work progresses and the commissioners court is taking steps to secure the services of a competent supervising engineer.

Meanwhile the commissioners formulated a petition to the state highway commission for aid in completing the main highway in district No. 1 from the terminus of the graded section to the line of district No. 2, a distance of three miles. The highway commission allowed \$5300 as state aid in this work, or about 25 per cent of the estimated cost. On each end of the highway in district No. 1 are three miles of incomplete road, which has been graded and bridges placed but the surfacing for which has not been completed. With the finishing of these short stretches of road and the building of the main highway through Millican district Brazos county will have an improved highway from Robertson county to Navasota county.

Judge Maloney, who returned from Austin last night, states that G. R. Abney has been engaged as engineer for the Millican district and will start work Monday on the surveys, plans and specifications. He will be ready for the contractors by the time the money on the bonds shall have been received, it is thought.

AMERICAN STEAMERS WERE IN COLLISION

(By Associated Press)
An Atlantic Port, July 16.—The sinking July 11 of the American steamer Costerdijv, after a collision with the American steamer San Jacinto, is reported by a Swedish steamer arriving here. The crew was saved.

PRESIDING OFFICERS IN PRIMARY ELECTION

Presiding officers of the county who will serve in the Democratic primaries of July 27 unless they are disqualified from doing so by reason of being school trustees, are as follows:

No. 4, Steele's Store—W. P. Moore.
No. 5, Harvey—L. M. Cook.
No. 6, Kuten—Jim Tobias.
No. 7, Tabor—J. W. Harris.
No. 8, Edge—J. W. Beard.
No. 9, Smetana—John Kosarek.
No. 10, Bryan, west side—F. L. Henderson.
No. 11, Bryan, east side—J. W. Batts.

666 cures chills and fever.

"Gets-It"—2 Drops— Then to the Dance!

"Goodnight to Corn Pains—Corns Peel Off With 'Gets-It'."

"Say, girls, you can laugh at tight shoes, or corns, corn-pulling weather, big bumpy corns, calluses on the soles of your feet, corns between the toes, hard and soft corns,

"It's All Off With This Fine Corn Now—Get 'It' Magic!"

If you will just touch the corn or callus with a few drops of 'Gets-It'. What a blessed relief it gives to corn pains! You won't limp any more; you can enjoy the dance every minute. Then to see how off complete, like a banana peel and without the least pain, is just wonderful. 'Gets-It' is the biggest seller among corn removers in the world today, simply because it is so wonderfully simple and always works. Be sure you get 'Gets-It'.

'Gets-It' is the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill.

Sold in Bryan and recommended as the world's best corn remedy by M. H. James, E. J. Jenkins.

174 NEGROES CALLED TO REPORT TO BOARD HERE JULY 18TH.

To fill Call No. 839 the local exemption board has notified 174 negro registrants of class 1 to appear here for induction into the military service July 18. They are to be entrained for Camp Travis. Another call for one negro is to be made later in the month. These are the only calls for negroes this month but there are several calls for white men.

The negroes who are to report here Thursday, July 18, are as follows:
Anthony Jenkins, Elissa Tunson, Joe Pitman, Telle Harris, Conway Bracken, Joe Reason, Isaiah Banks, Lester Young, Richard Williams, Willie Logan, Will Ford, Louie Jones, Richard Welch, Claude Mitchell, Elmore Hill, Jesse Walker, Frank Hillard, Chas. Norman, Marion Stearne, Osie Walton, Tony Wilson, Eddie Johnson, Willie Shepherd, Haywood Dorsey, David McWhorter, Peter Zeno, Frank Thornton, James Morrison, Willie Lott, Marcus Mitchell, Dock Day, Frank Osborn, Ben Scott, Joseph Warford, Walton Elmore, Robert Williams, Eddie Williams, Geo. HOSPITAL BOMBED AND TWO KILLED

(By Associated Press)
Paris, July 16.—German airmen last night dropped bombs on American Red Cross hospital at Jouy. Two enlisted men were killed and nine wounded, including Miss Jane Jeffery, an American Red Cross nurse.
The hospital was deliberately bombed and was full of wounded at the time. Doctors performing operations at four tables continued their work. In the region of Chalons the Red Cross also had a busy night. Hospitals were evacuated and the wounded searched for it along the road.

(By Associated Press)
Paris, July 16.—The long range bombardment of Paris was resumed this morning.

GERMAN WOMAN LABOR INCREASED AND REGARDED AS MENACE TO RACE.

(By Associated Press)
Amsterdam, June 16.—(By Mail)—What the Berlin Vorwaerts terms "criminal sapping of the nation's strength" is revealed by the returns of the "labor inspectorate for Prussia" for 1917.
These statistics have not appeared during war time and socialists have long and vainly urged their re-issuance. The Prussian board of trade finally yielded adn last year's figures have just been made public. Issued without text they are eloquent in themselves as they show increased use of the labor of women and children which, Vorwaerts says, "will exact a fearful revenge on the future race."

Compared with pre-war statistics, male employees over 16 decreased from 2,662,152 to 1,956,202, but women employed increased 687,734 to 1,240,593. Employees 14 to 16 years old increased 280,148 to 327,904 and children under 14 3584 to 6012.
In engineering workshops alone the number of women increased from 51,513 to 327,512.

Cases of infractions of the workman's protection act have grown alarmingly. By the emergency law of 1914, employers were granted exemptions which have been scandalously abused. Cases of exceeding the 10-hour working day rule for women rose from 2869 to 6108; suppressions of the legal luncheon interval from 373 to 9292; non-observance of the prohibition of night work 727 to 13,398, and non-observance of the prohibition of juvenile labor 162 to 1209.

"The number of official inspections of factories having notably decreased, it is safe to say," adds v'rwaerts, "that law breaking in this respect has assumed gigantic proportions" and the paper vehemently complains of the excessive indulgence shown to employers by the authorities who, for instance, granted permission for overtime by women to the extent of 23,000,000 hours compared with 15,000,000 in 1916 and for night work by women to the total of 44,000,000 hours, compared with 25,000,000.

Dear Father Gleissner, I received your letter in which you told me that you did your best to send the things to me which I had asked you for but that you could not send to me because I had not the officer's written permission. I am sorry you and my friends spent the money, but keep everything and I will enjoy and use them when I get back home. I am in the best of health at present. No doubt by the time you receive this letter you will have read all about the brave marines' work in France, to whom I have the honor to belong. Yes, we drove the enemy back. Well, all I can say is I was there and believe me it was a scrap. You must have been praying for me for I had many narrow escapes. Don't see why I got out well and safe. Keep up with your people the prayers for us and I hope we will pull through all right. Father, I surely have seen hell in the battlefields for once but as my saying is "I should worry," I think I will see dear Bryan again. I have just had a bath and am feeling fine. For the first time in six weeks I got rid of the cooties. I am writing this letter in my billet a few kilometers from the line. The welcome smell of steak frying comes to me as the French people below are preparing supper for us. How it reminds me

France, June 25, 1918.

Dear Father Gleissner, I received your letter in which you told me that you did your best to send the things to me which I had asked you for but that you could not send to me because I had not the officer's written permission. I am sorry you and my friends spent the money, but keep everything and I will enjoy and use them when I get back home. I am in the best of health at present. No doubt by the time you receive this letter you will have read all about the brave marines' work in France, to whom I have the honor to belong. Yes, we drove the enemy back. Well, all I can say is I was there and believe me it was a scrap. You must have been praying for me for I had many narrow escapes. Don't see why I got out well and safe. Keep up with your people the prayers for us and I hope we will pull through all right. Father, I surely have seen hell in the battlefields for once but as my saying is "I should worry," I think I will see dear Bryan again. I have just had a bath and am feeling fine. For the first time in six weeks I got rid of the cooties. I am writing this letter in my billet a few kilometers from the line. The welcome smell of steak frying comes to me as the French people below are preparing supper for us. How it reminds me

"The number of official inspections of factories having notably decreased, it is safe to say," adds v'rwaerts, "that law breaking in this respect has assumed gigantic proportions" and the paper vehemently complains of the excessive indulgence shown to employers by the authorities who, for instance, granted permission for overtime by women to the extent of 23,000,000 hours compared with 15,000,000 in 1916 and for night work by women to the total of 44,000,000 hours, compared with 25,000,000.

Cases of infractions of the workman's protection act have grown alarmingly. By the emergency law of 1914, employers were granted exemptions which have been scandalously abused. Cases of exceeding the 10-hour working day rule for women rose from 2869 to 6108; suppressions of the legal luncheon interval from 373 to 9292; non-observance of the prohibition of night work 727 to 13,398, and non-observance of the prohibition of juvenile labor 162 to 1209.

"The number of official inspections of factories having notably decreased, it is safe to say," adds v'rwaerts, "that law breaking in this respect has assumed gigantic proportions" and the paper vehemently complains of the excessive indulgence shown to employers by the authorities who, for instance, granted permission for overtime by women to the extent of 23,000,000 hours compared with 15,000,000 in 1916 and for night work by women to the total of 44,000,000 hours, compared with 25,000,000.

THE CENTAUR COMPANY, NEW YORK CITY.

LATEST PARISIAN NOVELTY

BOMBING OF NEW YORK.

(By Associated Press)

Amsterdam, June 16.—(By Mail)—A cartoon in the latest issue of the German comic paper Jugend pictures a German air raid on New York. The scene is a New York roof garden, from which the sky is shown ablaze with bombs, shrapnel and fighting planes. An American "multimillionaire" is shown escorting his richly-clad wife, who is said to be "shrinking in terror before the apparition in the sky." He reassures her by saying soothingly: "Well, my dear, you have always been keen on having the latest Parisian novelties. Now you've got them."

Doing hard work in a bent or stooping position puts a stitch in the back that is painful. If the muscles have become strained you can't get rid of it without help. The great penetrating power of Ballard's Snow Liniment will appeal to you most strongly at such times, because it is the very thing you need. Price 25c, 50c and \$1 per bottle. Sold by M. H. James.

RICHEST ENGLISH ACTOR.

London, June 16.—(By Mail)—The will of the late Sir George Alexander, the English actor-manager, has just been probated here and shows that he left an estate valued at \$450,000. This constitutes a record for a fortune accumulated by an English actor, the nearest approach to it being the estate of \$400,000 left by J. L. Toole. Sir Henry Irving's estate was probated at \$100,000 and Charles Kean left \$175,000.

OLD TIME RESIDENT DIES.

Flaton, Tex., July 16.—Mrs. A. E. Eidebach, aged 77 years, an oldtime resident of this place, died yesterday at the family residence after a long illness. She was a devout Christian and leaves her husband and three sons to mourn her loss.

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTELESS-CHILL TONIC. It purifies and enriches the blood and builds up the whole system. You can soon feel its strengthening, invigorating effect. 60c.

SANITARY PLACES REQUIRED IN BRYAN BY HEALTH OFFICERS

From Friday's Daily Eagle.

Dr. M. V. Zeigler of the United States public health service, arrived in Bryan on a noon train for the purpose of inspecting the restaurants, hotels, barber shops and other places catering to the public. Dr. Zeigler is located at Camp Logan and is in the medical service of the army but comes here not only with a view of protecting the soldiers stationed at the college but to help the civilian population to obtain better sanitary and health conditions. This is the work which was discussed by the directors of the business club Tuesday and for which a special committee was appointed. The places inspected include every one which prepares or serves food of any kind, like tamale factories, cheese factories, soda water fountains or soda water factories, also those providing bathing places or barber shops, manicure parlors and the like. Every employee of such places is given an inspection to ascertain if he has any communicable disease such as typhoid, venereal diseases, smallpox and the like and is given inoculations against these diseases, where possible. Once a man has been cleaned up he is given a certificate to that effect. Premises that are cleaned and made sanitary according to the rules are also given a certificate which is to be posted and retained unless the authorities find that the place is unsanitary. Insofar as the army is concerned soldiers are prohibited from patronizing places that do not come up to the sanitary regulations and a place without a certificate would be in a bad way.

CITY IS BUYING BONDS.

From Monday's Daily Eagle.

The city is buying bonds today. Arrangements have been made for the purchase with sinking fund money of \$3500 worth of city hall bonds, \$3000 of which are held by the First National bank and \$500 in a sinking fund of one of the city's bond issues. Of this purchase \$1000 worth of the bonds are in shape for destruction.

In every home where there is a baby there should also be a bottle of McGee's Baby Elixir. It may be needed at any time to correct sour stomach, wind colic, diarrhoea or summer complaint. It is a wholesome remedy, contains no opium, morphine or injurious drug of any kind. Price 25c and 50c per bottle. Sold by M. H. James.

666 cures bilious fever.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS-CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take, 60c per bottle.

MILICAN DISTRICT ROAD BONDS SOLD TO CINCINNATI FIRM

Bonds of Millican road district to the amount of \$53,000 have been sold through an Austin agency to a Cincinnati firm for par and accrued interest. County sinking funds have been used to purchase the balance of \$17,000. Judge J. T. Maloney was in Austin Monday with reference to the matter. The usual formalities will have to be complied with, these being the submission of the transcript of the proceedings with reference to the issuance of the bonds and the securing of the opinion of a bond attorney acceptable to the purchasers before the money will be paid. Judge Maloney has had charge of the matter under authority of the commissioners court.

The election was held nearly a year ago in the Millican district for voting \$70,000 bonds for the purpose of building the main highway from the line of district No. 1 to the Navasota county line and for the construction of lateral roads in the district to be used as rural mail routes. The rural mail routes have never been formally approved by Postmaster General Burleson, owing to failure to meet one requirement or another of the law and regulations but by the time the road shall have been built as it will doubtless be under the sale of the entire issue of the bonds, the rural route proposition will have been settled. Authority for about \$35,000 state and federal aid has been secured for the building of the main highway through the district, this to be paid as the work progresses and the commissioners court is taking steps to secure the services of a competent supervising engineer.

Meanwhile the commissioners formulated a petition to the state highway commission for aid in completing the main highway in district No. 1 from the terminus of the gravelled section to the line of district No. 2, a distance of three miles. The highway commission allowed \$5900 as state aid in this work, or about 25 per cent of the estimated cost. On each end of the highway in district No. 1 are three miles of incomplete road, which has been graded and bridges placed but the surfacing for which has not been completed. With the finishing of these short stretches of road and the building of the main highway through Millican district Brazos county will have an improved highway from Robertson county to Navasota county.

Judge Maloney, who returned from Austin last night, states that G. R. Abney has been engaged as engineer for the Millican district and will start work Monday on the surveys, plans and specifications. He will be ready for the contractors by the time the money on the bonds shall have been received, it is thought.

AMERICAN STEAMERS WERE IN COLLISION

(By Associated Press)

An Atlantic Port, July 16.—The sinking July 11 of the American steamer Costerdiv, after a collision with the American steamer San Jacinto, is reported by a Swedish steamer arriving here. The crew was saved.

PRESIDING OFFICERS IN PRIMARY ELECTION

Presiding officers in the several election precincts of the county who will serve in the Democratic primaries of July 27 unless they are disqualified from doing so by reason of being school trustees, are as follows:

No. 1, Millican—S. E. Dunlap.
No. 2, Wellborn—J. C. Royder.
No. 3, College—Andrew Taylor.
No. 4, Steel's Store—W. P. Moore.
No. 5, Harvey—L. M. Cook.
No. 6, Kurten—Jim Tobias.
No. 7, Taber—J. W. Harris.
No. 8, Edge—J. W. Beard.
No. 9, Smetana—John Kosarek.
No. 10, Bryan, west side—F. L. Henderson.
No. 11, Bryan, east side—J. W. Batts.

666 cures chills and fever.

"Gets-It"—2 Drops—Then to the Dance!

"Goodnight to Corn Pains—Corns Peel Off With 'Gets-It'."

"Say, girls, you can laugh at tight shoes, or damp, corn-pulling weather, big bumpy corns, calluses on the soles of your feet, corns between the toes, hard and soft corns, every minute. Then to see how that corn or callus will come right off complete, like a banana peel and without the least pain, is just wonderful. 'Gets-It' is the biggest seller among corn removers in the world today, simply because it is so wonderfully simple and always works. Be sure you get 'Gets-It'."

"Gets-It" is the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill.

Sold in Bryan and recommended as the world's best corn remedy by M. H. James, E. J. Jenkins.

"It's All Off With This Fierce Corn Now—'Gets-It' Is Magic."

If you will just touch the corn or callus with a few drops of 'Gets-It', what a blessed relief it gives to corn pains! You won't limp any more; you can enjoy the dance every minute. Then to see how that corn or callus will come right off complete, like a banana peel and without the least pain, is just wonderful. 'Gets-It' is the biggest seller among corn removers in the world today, simply because it is so wonderfully simple and always works. Be sure you get 'Gets-It'."

174 NEGROES CALLED TO REPORT TO BOARD HERE JULY 18TH.

To fill Call No. 839 the local exemption board has notified 174 negro registrants of class 1 to appear here for induction into the military service July 18. They are to be entrained for Camp Travis. Another call for one negro is to be made later in the month. These are the only calls for negroes this month but there are several calls for white men.

The negroes who are to report here Thursday, July 18, are as follows:

Anthony Jenkins, Elissa Tunson, Joe Pitman, Tollie Harris, Conway Bracken, Joe Reason, Isaiah Banks, Lester Young, Richard Williams, Willie Logan, Will Ford, Louis Jones, Richard Welch, Claude Mitchell, Elmore Hill, Jesse Walker, Frank Hilliard, Chas. Norman, Marion Stearne, Osie Walton, Tony Wilson, Eddie Johnson, Willie Shepherd, Haywood Dorsey, David McWhorter, Peter Zeno, Frank Thornton, James Morrison, Willie Lott, Marcus Mitchell, Dock Day, Frank Osborn, Ben Scott, Joseph Warford, Walton Elmore, Robert Williams, Eddie Williams, Geo. Daniels, Freeman Stewart, Sam Swarling, James Smith, Walter Wilson, Riley Woods, Will Hicks, James Curry.

France, June 25, 1918.

Dear Father Gleissner, Bryan: I received your letter in which you told me that you did your best to send the things to me which I had asked you for but that you could not send to me because I had not the officer's written permission. I am sorry you and my friends spent the money, but keep everything and I will enjoy and use them when I get back home. I am in the best of health at present. No doubt by the time you receive this letter you will have read all about the brave marines' work in France, to whom I have the enemy back. Well, all I can say is I was there and believe me it was a scrap. You must have been praying for me for I had many narrow escapes. Don't see why I got out well and safe. Keep up with your people the prayers for us and I hope we will pull through all right. Father, I surely have seen hell in the battlefields for once but as my saying is "I should worry," I think I will see dear Bryan again. I have just had a bath and am feeling fine. For the first time in six weeks I got rid of the cooties. I am writing this letter in my billet a few kilometers from the line. The welcome smell of steak frying comes to me as the French people below are preparing supper for us. How it reminds me

LETTER FROM BRYAN BOY WHO TOOK PART IN THE BIG BATTLE

France, June 25, 1918.

Dear Father Gleissner, Bryan: I received your letter in which you told me that you did your best to send the things to me which I had asked you for but that you could not send to me because I had not the officer's written permission. I am sorry you and my friends spent the money, but keep everything and I will enjoy and use them when I get back home. I am in the best of health at present. No doubt by the time you receive this letter you will have read all about the brave marines' work in France, to whom I have the enemy back. Well, all I can say is I was there and believe me it was a scrap. You must have been praying for me for I had many narrow escapes. Don't see why I got out well and safe. Keep up with your people the prayers for us and I hope we will pull through all right. Father, I surely have seen hell in the battlefields for once but as my saying is "I should worry," I think I will see dear Bryan again. I have just had a bath and am feeling fine. For the first time in six weeks I got rid of the cooties. I am writing this letter in my billet a few kilometers from the line. The welcome smell of steak frying comes to me as the French people below are preparing supper for us. How it reminds me

GIRLS! WHITEN SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.—Adv.

of the good old days at home in Bryan. I wrote about being on the (erased by the censor) sector some time ago but we have finished there and are now here. Please send me now and then a paper, Bryan Eagle, also some magazines and tell my friends how happy I am to get a postal or a letter from them. Father, pray for us, and ask the kind Sisters at Villa Maria and all your friends to pray for us for God's protection. I am ok, so please don't worry. I don't worry, why should you? I'll be back home. Father, I am sending you a poem I carried in my pocket in the trenches and on the battlefield. It is a little soiled and worn but it is the only souvenir I can send at present. Remember me to all, especially to Mac and Ross. I wrote to them but they did not answer. With much love, your grateful boy.

C. H. KELLY,

49th Co., 5th Reg. Marines, Am. Ex. Forces, via New York.

Father Gleissner received also cheerful letters from Frank Viroski, Walter Likorski and Judge Edinburgh, France, they say is a beautiful country but give us dear old Texas. Jim Powers also notified Father Gleissner his safe arrival in France. All they state, "We are in fine health and will sometime be back in Bryan."

HOSPITAL BOMBED AND TWO KILLED

(By Associated Press)

Paris, July 16.—German airmen last night dropped bombs on American Red Cross hospital at Jouy. Two enlisted men were killed and nine wounded, including Miss Jane Jeffery, an American Red Cross nurse.

The hospital was deliberately bombed and was full of wounded at the time. Doctors performing operations at four tables continued their work. In the region of Chalons the Red Cross also had a busy night. Hospitals were evacuated and the wounded searched for it along the road.

(By Associated Press)

Paris, July 16.—The long range bombardment of Paris was resumed this morning.

GERMAN WOMAN LABOR INCREASED AND REGARDED AS MENACE TO RACE.

(By Associated Press)

Amsterdam, June 16.—(By Mail)—What the Berlin Vorwaerts terms "criminal sapping of the nation's strength" is revealed by the returns of the "labor inspectorate for Prussia" for 1917.

These statistics have not appeared during war time and socialists have long and vainly urged their re-issuance. The Prussian board of trade finally yielded last year's figures have just been made public. Issued without text they are eloquent in themselves as they show increased use of the labor of women and children which, Vorwaerts says, "will exact a fearful revenge on the future race."

Compared with pre-war statistics, male employees over 16 decreased from 2,662,152 to 1,956,202, but women employed increased 687,734 to 1,240,593. Employees 14 to 16 years old increased 280,148 to 327,904 and children under 14 3584 to 6012.

In engineering workshops alone the number of women increased from 51,513 to 327,512.

Cases of infractions of the workman's protection act have grown alarmingly. By the emergency law of 1914, employers were granted exemptions which have been scandalously abused. Cases of exceeding the 10-hour working day rule for women rose from 2869 to 6108; suppressions of the legal luncheon interval from 373 to 9292; non-observance of the prohibition of night work 727 to 13,398, and non-observance of the prohibition of juvenile labor 162 to 1209.

"The number of official inspections of factories having notably decreased, it is safe to say," adds oVrwaerts, "that law breaking in this respect has assumed gigantic proportions" and the paper vehemently complains of the excessive indulgence shown to employers by the authorities who, for instance, granted permission for overwork by women to the extent of 23,000,000 hours compared with 15,000,000 in 1916 and for night work by women to the total of 44,000,000 hours, compared with 25,000,000.

Women!

Here is a message to suffering women, from Mrs. W. T. Price, of Public, Ky.: "I suffered with painful, she writes. 'I got down with a weakness in my back and limbs. I felt helpless and discouraged. I had about given up hopes of ever being well again, when a friend insisted I

Take

CARDUI

The Woman's Tonic

I began Cardui. In a short while I saw a marked difference. I grew stronger right along and it cured me. I am stouter than I have been in years. If you suffer, you can appreciate what it means to be strong and well. Thousands of women give Cardui the credit for their good health. It should help you. Try Cardui. At all druggists. E-73

REV. JOHNSON'S AUTO STOLEN AND IS LOCATED HERE

S. L. Morrison, a youth whose age is estimated at 17 or 18 years, was placed in the county jail this morning by City Marshal White and a charge of automobile theft placed against him. Morrison and another young man drove through here yesterday afternoon about 1 o'clock, going in the direction of Waco. When out of the city near a negro school the car was wrecked and D. D. White was phoned to go and get it, bring it in and repair it. When the car was returned it was found that it had no numbers on it but bore the 1918 license tag. Marshal White was notified of the condition of the car and went in search of the young man, whom he found this morning and took him to the city hall where he was interrogated by City Manager Greer and Mr. White. Morrison said he came into possession of the car from his father, who had been a traveling man for a Dallas firm, the name of which he could not give, but he claimed his father is now dead. His home, he said, was in Terrell, where his mother is a milliner, but he was unable to give the names of anybody in Terrell. He claimed to have come from Galveston and that the young fellow with him he had picked up on the beach.

Meanwhile Mr. White had found the numbers in the car, wrapped up, and by looking in the automobile directory of the state highway commission, ownership was traced to Rev. S. W. Johnson, 2011 Dallas street, Houston, whom Mr. Greer telephoned and found that his car had been stolen. He was then informed that his car was here and a young man with it was under arrest.

A search of Morrison's clothes revealed that he had \$25 in money which, it is assumed, is \$25 borrowed from D. D. White on the car. City Marshal White is telephoning to get a trace of the other young fellow.

SUGAR DELIVERIES TO MANUFACTURERS

The sugar administration makes the following ruling on sugar: "Owing to the acute sugar shortage at the height of the fruit preserving season in Texas, you will please notify all dealers in sugar in your community that until further notice they must not deliver any sugar except Louisiana seconds and thirds against certificates marked 'Statement A,' which covers the manufacture of non-essential food products."

Allowance to householders remains the same as heretofore. Special permits granted those needing more than 25 pounds for preserving purposes.

All public eating places, grocery stores, drug stores, bakeries and others needing sugar in the operation of their business, should call upon the county administrator for application blanks before Monday, July 15.

Rumor has it that some people in Bryan are engaged in the practice of visiting and buying sugar at several stores on the same day, thus duplicating their allowance, subjecting themselves and merchants to heavy fines and imprisonment and showing themselves disloyal to the food administration—one of the greatest factors in the successful prosecution of this war. It is possible to continue such practice and perhaps escape the heavy penalties of the law and one's conscience may be so dull that the sugar will even continue to taste sweet, but the obligation to the boys in the trenches is not being met with a sympathy and a co-operation characteristic of the American conscience?

C. L. BEASON,

County Food Administrator.

JAPAN GETS WORD FROM UNITED STATES

(By Associated Press)

Tokio, July 16.—A special meeting of the Japanese cabinet and army officials was held Saturday. The belief is that some communication was received from America concerning intervention in Russia.

RUSSIANS CAN NOT SAVE THEMSELVES.

(By Associated Press)

London, July 16.—The Harbin correspondent of the Daily Mail says the Russians are unable to save themselves and urges the allies to intervene.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your drugist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

BIG AUTOMOBILE TRADE EXCURSION MADE TODAY

Sixteen Cars and Sixty Citizens Visit Adjoining Counties to Meet the People and Advertise Bryan As a Market and Trade Center—Itinerary Covered Leon, Madison and Grimes Counties.

From Wednesday's Daily Eagle
The long line of automobiles carrying the trade evangelists who went out this morning on the first automobile trade excursion of the summer under direction of the commercial club, were several minutes behind schedule, but it was evident from the rate of speed at which they pulled out that the last time would soon be made up and the remainder of the trip would be made as outlined.

There were 16 cars and the personnel of the excursion as near as the Daily Eagle representative could get it was as follows: S. E. Eberstadt, J. D. Martin, Sam B. Wilson, J. M. Lawrence, H. A. Burger, Joe Howard, Roy Hudspeeth, William Medland, Stuart Barron, P. S. Park, C. G. Walker, R. S. Webb, Jr., Prof. W. C. Lawson, J. Tom Smith, Frank Zubik, T. A. Cloud, A. W. Reynolds (College), H. M. Elliott (College), C. L. Beason, Hal Saunders, Rev. J. W. Holsapple, E. F. Parks, R. W. Howell, W. B. Roman, Matt Vitopil, Prof. R. O. Allen, Homer Lawson, W. S. Wilson, Jr., M. G. Nall, David Reid, John M. Caldwell, R. L. Long, A. M. Waldrop, E. E. Talmage, Jas. W. James, J. T. Turner, C. M. Shields, Judge J. T. Maloney, A. B. Ewing, Pete Palasota, E. W. Crenshaw, Sam Crenshaw, J. B. Sanders, Major L. L. McInnis, Lamar Bethea, Tyler Haswell, Ed Hall, G. C. White, E. C. Blankenbecker, Allen Smith, Rev. J. J. Tatum, Rev. Wright, Joe McGee, Roy Vick, Geo. P. Walker, Harris school house Frank Burkhalter, publicity representative of A. and M. college.

Each business interest represented on the trip was well supplied with advertising matter, each individual in the party was stocked up with arguments sufficiently persuasive to convince our neighbors in adjoining counties that Bryan is not only the best city in all this section in which to trade but also the best market for cotton, hogs, cattle, poultry, orchard and garden.

The proposed itinerary was from Bryan to Wheelock, Edge, Sky, Normangee, George, North Zulch, Zulch, Cross, Bedias, Iola, Mesa, Keith and then back to Bryan. The distance is about 120 miles, making it a long, hot trip, but the frequent stops, the different towns and different people to be seen, the crops and other things of interest, as well as the all-around enthusiasm of the excursionists were expected to reduce the fatigue to a minimum and make the day one of pleasure for all.

The object of the trip was to get better acquainted with our neighbors, build up a closer relationship and inspire a greater community interest and co-operation. It can not result otherwise than in great good and should not be permitted to stop with this one. Others will be arranged by the commercial club to cover the territory in all directions and should receive the hearty support and encouragement of the business men and citizens generally.

BACK FROM THE TRENCHES TO TEACH AT COLLEGE.

First Lieutenant J. F. Blanton of the U. S. marines, a 1917 graduate of A. and M. college, living at Jewett, Texas, is on the campus after eight months fighting in the trenches of France, having been sent back to act as instructor in the school of instruction at Quantico, Va. He was in the recent victorious drive of the marines on the western front and expects the war to conclude within two years.

BOATWRIGHT SELLS TO MOORE.

S. L. Boatwright has sold his insurance business to John A. Moore and the business of the two offices has already been consolidated in the Moore office in the Astin building. Mr. Moore will continue all the contracts of the Boatwright office, extending to each patron efficient service and courteous treatment.

Mr. Boatwright has accepted a position with the First National bank in the collection department and has already entered upon his new duties.

GIRL'S ITS YOUR STEP THAT ATTRACTS!

Says women pay too much heed to their face instead of their corns.

Watch your step! A brisk, lively step is what charms more than a lovely skin, but your high heels have caused corns and you limp a little. That's bad, girls, and you know it. Corns destroy beauty and grace, besides corns are very easy to remove. Rid your feet of every corn by asking at any drug store for a quarter of an ounce of freezone. This will cost little but is sufficient to remove every hard or soft corn or callus from one's feet.

A few drops applied directly upon a tender, touchy corn relieves the soreness and soon the entire corn, root and all, lifts right out without pain. This freezone is a gummy substance which dries instantly and simply shrivels up the corn without inflaming or even irritating the surrounding skin.

Women must keep in mind that cornless feet create a youthful step which enhances her attractiveness. Adv.

OFFICERS MATERIAL SCHOOL ORGANIZED

(By Associated Press)
Philadelphia, July 17.—Supplementing its war activities which thus far exceed those of any other institution of learning in Pennsylvania, the university of Pennsylvania has established an "officers material school" wherein enlisted men in the navy and college students who desire to enter the navy have an opportunity to win commissions.

The school will be under supervision of the navy department and the course will cover a period of six weeks. The candidates are being housed in the college dormitories, which have been converted into temporary marine barracks.

Penn's contribution to the war in the way of man power total 6102. Of these men all but 625 are arrayed under the colors of Uncle Sam. The others are serving the allies of the United States.

Since the United States entered the war the campus and the many magnificent buildings of the university have been at the call of the government for use as it saw fit in the training of men for military service. The university has conducted schools under government direction for the training of army medical officers, navigation army ordnance, signal service, course for nurses, as well as preparing men in other useful lines for the army and navy.

Most members of the aviation examining boards throughout the country were trained at the parent unit, organized at the University of Pennsylvania.

Three ambulance units, a base hospital, several Red Cross units and various detached units have been organized here. For the special use of the army and navy, the university hospital has set aside 250 beds and many of the laboratories have been placed at the disposal of government experts.

LITERACY TEST LAW CONSTRUED BY KEELING

Austin, July 17.—Construing the literacy test law of the last legislative session Assistant Attorney General W. A. Keeling holds that it applies to primary elections and will be enforced on the 27th instant. He also construed its provisions with reference to the exceptions to whom assistance may be given by election judges in voting.

Under his construction three classes of voters may receive assistance from the election judges, namely, those physically unable to prepare their tickets through the loss of a hand or eyesight or paralyzed, or other causes; persons over 60 years of age and persons foreign born who have lived in the United States 21 years from the time they completed their full citizenship. First papers do not count, the 21 years is dated from the time of complete naturalization.

There has been some question as to assistance being given all persons who have resided in this country 21 years since assuming citizenship. The attorney general holds the exception does not apply to natives but only to foreign born who have been full citizens for 21 years.

Grove's Tasteless chill Tonic

restores vitality and energy by purifying and enriching the blood. You can feel its Strengthening, Invigorating Effect. Price 60c.

STEEL HOLLOW.

Steeple Hollow, July 17.—Miss Bonnie Smith from Fountain Switch is visiting Miss Lenora Burf.

Lloyd Smith and Claude Cloud from Reliance were pleasant callers in our community Sunday afternoon.

Miss Grace Morehead from Bryan spent the week-end with her parents, Mr. and Mrs. J. H. Morehead.

Rev. J. G. Leutwyler returned home Monday from Little Mississippi in Roberson county, where he conducted a most successful meeting.

BRAZOS COUNTY BOYS ATTEND SHORT COURSE

More Than 40 Delegates Appointed—Will Enter Stock Judging Contest.

County Agent C. L. Beason reports that more than 40 delegates will be appointed from the several community clubs of the county to attend the meeting at College next week.

The delegates from these clubs will be especially interested in the farm management division which will hold its sessions in room 207, Academic building.

Henry Wilcox of Tabor and Webster Cloud of Reliance have been appointed a team of two boys to compete for the progressive farmer silver loving cup to be awarded at College Friday, July 26, to the team of two boys making the highest score in livestock judging.

A demonstration in livestock judging will be conducted at Tabor next Saturday afternoon at 3 o'clock. Score cards will be prepared for the judging of horses, hogs, cattle and sheep.

Hundreds of farmers and others from far away places in Texas will at considerable expense attend the short course next week. Why not the farmers of Brazos county at a nominal cost attend and receive all the benefits to be derived from such an important meeting?

Do not let the county agent or someone else when asked by farmers from some other county in Texas, where the Brazos county farmer is have to say that he has gone "fishing."

CONCERNING A. AND M.

To The Bryan Daily Eagle:
I am informed that a report is being circulated in Bryan that I am opposed to the A. and M. college and that I supported the bill in the Texas senate for the consolidation of all institutions of higher learning in Texas under one board. This is not true. On the other hand when this measure came up for consideration during the session of the senate and house investigating committee I led the fight against this bill and aided by Senator Hopkins we defeated it as the record will show. It never came up for consideration by the senate in regular session. If it had I would there have also fought it. I also led the fight on the bill to remove the feed control service from the college to the agricultural department at Austin and the Dallas News made favorable comment on my speech in opposition to this measure.

I led the fight against the West Texas A. and M. college and was one of the five members of the senate who voted against it all the way through. Although your board of directors of the college and the president of the college accepted the bill in amended form which placed the new college under the control of the board of directors of the college, I still thought it was a bad policy for the state to have two first class A. and M. colleges and I strongly opposed this bill in a speech on the floor of the senate. I also led the fight for the repeal of this bill during the called session of the legislature.

I hope Mr. Hardy's friend who is circulating this report will investigate the record in regard to this matter as he surely would not willingly misrepresent my position on this question.

I believe I stand for the things that the people of Brazos county stand for and I ask at their hands a favorable consideration of my candidacy.

Respectfully,
E. A. DECHERD, JR.

Mrs. A. W. Buchanan returned today from Galveston where she had been to see her sister, Mrs. O. L. Wilcox of Tabor, who is very ill at a hospital there. She reported that Mrs. Wilcox had rallied and seemed some better. The doctors are hopeful that she will improve sufficiently to be brought home. Mrs. J. L. Andrews of Abilene, another sister of Mrs. Wilcox, went to Galveston with Mrs. Buchanan and will remain at the bedside of her sister.

FIVE PEOPLE IN ONE FAMILY BENEFITTED

"Finest Thing I've Ever Seen," Says Compton; Gains Ten Pounds On Tanlac.

"There are five of us at home who have taken Tanlac and it hasn't failed to bring good results in a single case," said Arthur M. Compton, a popular clerk at the Oriental hotel and living at 1206 Wood street, Dallas, Texas, recently.

"As to my own case," Mr. Compton continued, "Tanlac has increased my weight 10 pounds in the past three weeks and has certainly relieved me of an awful lot of suffering. When I began taking it my stomach was all out of order and I had no appetite. I was all run down and had that tired, sluggish feeling all the time. I had fallen off in weight and was awfully sick and discouraged."

"Finally my uncle from Terrell, Texas, persuaded me to try Tanlac and it has been a wonderful thing for me. My appetite is fine now and I eat like a goat. My nervousness is entirely gone. I sleep like a log and all my sluggish, depressed feelings have left me. I recommend Tanlac every chance I have because it has done me so much good. It has helped our whole family and we are all boasting it. It certainly is the finest medicine we ever had in the house."

Tanlac is sold in Bryan by N. A. Stewart, in Wellborn by J. P. Royder, in Edge by Moore & Payne, in Allen-farm by Terrell Brothers and in Tabor by J. K. Presnal.

SIBERIA GIVES ITS SUPPORT TO THE ALLIES

(By Associated Press)
London, July 13.—Allied powers will have the full support of the new Siberian government, according to provisional ruler General Horvath. He cites the renewal of all treaties of the allied powers as confirmation of the intention to act in complete accord with "our brave allies" and to return to the Russian ranks those who are fighting with the enemy. General Horvath is anti-German as well as anti-bolshevik.

BRITISH REINFORCEMENTS SENT TO RUSSIA.

(By Associated Press)
Washington, July 13.—British reinforcements have been dispatched to Siberia, according to official information to assist the Russians and Czechoslovaks in guarding allied stores from bolsheviks acting with German prisoners who are reported to be advancing on Petrograd.

GERMAN NEWSPAPER IS ALARMED.

(By Associated Press)
London, July 13.—The Frankfurter Zeitung, in an editorial, is anxious over Russian developments. It infers that the successes of the Czechoslovaks overcome the objections of the entente to intervention and regards the undertaking which England is preparing to form in the north is more serious than the attack which it assumes the Japanese will deliver from the east. It thinks the Moscow soviet government faces immediate peril.

BORAH FOR ARMED INTERVENTION.

(By Associated Press)
Washington, July 13.—Military as well as political intervention in Russia by the United States to overthrow German influence is asked by Senator Borah in the senate.

BOLSHEVIKI DESERTING.

(By Associated Press)
Moscow, July 13.—Speaking to the all-Russian soviet conference, Trotsky declares unity among soviet troops is suffering because of Anglo-French propaganda and many bolsheviks have deserted to the enemy.

LARGE DELEGATIONS COMING TO SHORT COURSE NEXT WEEK

From Mills county a delegation of 75 farmers will come to A. and M. college next week for the annual farmers short course that will begin July 22 and continue for five days. Dean E. J. Kyle of the department of agriculture has been advised. Reports from Nacogdoches county are to the effect that 25 farmers will come from there, while reports from the county agents from various other counties indicate that more farmers will come this year than ever before so general is the interest in improved methods of farming, livestock production and housekeeping.

Among the prominent representatives of the federal department of agriculture who will be here for a part of the course are Clarence Osley, assistant secretary of agriculture; Bradford Knapp, chief of the state's relations service; O. B. Martin, also of the state's relations service; Dr. G. R. Rummel, chief of the bureau of animal husbandry, and C. H. Alvord.

The new features stand out prominently in this year's program, a 30-minute patriotic service each evening preceding the regular night program and a special independent course in food conservation, including instruction and demonstrations in the making of cottage cheese, drying and canning of fruits and vegetables, making of grape juice and other home delicacies.

Large interest is expressed in advance in the contest among the girls' canning clubs of the state for the silver loving cup offered by Farm and Ranch, Dallas, and among the boys' pig and baby beef clubs in the judging of livestock for the silver trophy offered by the Progressive Farmer, Dallas.

The new barracks, constructed for the soldiers taking special technical training at the college, will be occupied this week, thus vacating the regular dormitories for the visitors to the farmers short course and the farmers congress which convenes the week following and for the pupils of the college, who will begin arriving early in September for the next term.

That the farmers short course and the farmers congress are important in the estimation of the federal government officials is indicated in the fact that the railroad administration has ordered a rate of one cent per mile for both occasions.

BRANDON RAISING COMPANY.

George Brandon, who has been commissioned to raise a supply company for a Texas regiment to train on the Texas-Mexican border, reports that everything is moving along nicely and he does not anticipate any difficulty in raising the company. The border service is one of great importance at this time and all who volunteer for service there will be performing a great and patriotic duty.

Mr. Brandon will have further announcements to make in the near future relative to his company and will give out a list of those who have joined.

666 contains no alcohol, arsenic, nor other poisonous drugs.

A FINAL WORD

From N. P. Houx, Candidate For State Senator.

To the Democratic Voters (men and women) of the 12th Senatorial District:

As election day is nearly here, and as it will be impossible for me to see all of the people I want to make this final appeal, and urge that my friends throughout the district, who have promised me their support, interest themselves in my behalf and help me win the nomination for state senator.

On account of the size of the district (four large counties) and the demands of business upon my time, I have been able to make only a partial campaign, and there are many voters whom I have not met personally, therefore this statement of my position on the issues of the day.

A native Texan (born in Grimes county,) the son of a Confederate soldier and the great-grandson of a major in Washington's army, and having spent more than thirty years in the service of the state as an officer in the National Guard, it was but natural that when our country entered the war last year I desired military service. I was appointed captain of infantry and authorized to raise a company for foreign service. This I accomplished after six weeks of hard work, and was mustered into the state service, but when the troops were federalized I was barred on account of my age and was forced to remain at home while my company went to the training camp commanded by a younger man. That company is now on the road to Berlin and will do its duty. And I feel that I have done my duty also in accepting the part assigned me—that of remaining at home to assist in Liberty Loan, Red Cross and Thrift Stamp campaigns, etc., all of which I have liberally contributed and will continue to do so.

For the past twenty years I have published a newspaper in Mexia, and have always worked for the upbuilding of the country, for clean politics and good government, and having an extensive acquaintance with public men and wants of the people, feel that I am competent to fill the office of state senator and to render efficient service to the people.

I served a short term in the legislature as a member of the House four years ago, and voted for the present warehouse law, designed to improve marketing conditions and enable the farmer to get a fair price for his products. This was the most important bill acted on during that session, except the bill that proposed to take the children's school fund and use it to establish a state bank, which bill I voted against and thus assisted in its defeat.

I heartily endorse the administration of Governor Hobby and the war measures recommended by him and passed at the recent called session of the legislature, and had I been a member of that body I would have voted for all of said bills. These war measures are designed to protect the soldiers camped within our state and the people in general from the evil influences of strong drink and vice conditions, and if strictly enforced will make Texas safe for democracy, sobriety and morality. If elected to the senate and any of those laws need strengthening I will support such bills as will be necessary for that purpose.

Believing in a democratic form of government, I will, if elected, endeavor at all times to represent the people and obey their instructions, when properly given, whether at the polls or by petition.

But more particularly, and in brief, if elected I will support:

Any measure that will uphold the policies of our great president in the prosecution of the war to a successful ending, and the prompt punishment of acts of disloyalty.

The submission of a Constitutional prohibition amendment to the people for their final settlement at the earliest date possible.

The submission of a constitutional amendment giving the women the right to vote in all elections.

An honest and economical administration of the government—state, county and municipal.

Liberal support of all schools, from the country district to the higher institutions of learning.

A fair and equal distribution of taxes.

The encouragement of capital to invest in the vast resources of our state.

The protection of labor and those who earn their bread by the sweat of their brow.

Equal pay for men and women, doing the same work.

School welfare in the homes, schools and work shops.

The right of married women to control their separate property.

And now I leave my case in your hands, and will appreciate your support. Give me a chance, and I will not prove recreant to the trust and confidence you repose in me.

Sincerely Yours for Good Government,
N. P. HOUX,
Limestone County.

Too Old for the Army
Just Right for the Legislature.

LUBBERS, JR., Dept. 284, Kansas City, Mo.

GENERAL HINDENBURG'S DEATH IS REPORTED

Amsterdam, July 13.—Field Marshal von Hindenburg is dead, according to the newspaper Lanouelles. His death is said to have occurred after a story interview with the kaiser over the German offensive toward Paris. He died of congestion of the brain.

During the last six months there have been several rumors of von Hindenburg's death. A dispatch from The Hague Friday quoted a Dutch traveler from Germany saying General Ludendorff, first quartermaster general, had taken over the field marshal's duties. Von Hindenburg is credited with evolving the effective campaign in East Russia resulting in the serious Russian defeat at Tannenberg, for which he was made a field marshal. He was appointed chief of the general staff in 1916. He was 70 years old.

A violent interview between General von Hindenburg and the kaiser occurred May 16, which was followed by an apoplectic stroke, ultimately causing his death.

CAREER AND CHARACTER OF GENERAL HINDENBURG.

General Paul Beneckendorf von Hindenburg's father was a Prussian officer. So was he and so are his two sons. But prior to the present war he had retired at Hanover and was quite a conspicuous figure in the social life of the capitals and great gathering places in Europe. Bulky of body, raucous of voice, purple of visage and venerable in years he was often seen in good company, soaring with the singers, pounding his beer mug on the table and engaging himself genially. He carried a cane because of gout, but his pride would permit none to intimate gout with the cane.

He was a lieutenant in the Franco-Prussian war, where he was wounded, his horse fell upon him and his regiment was all killed, he being the sole survivor. For this he was awarded the iron cross and a commission in the guards. Eventually his ability took him into the great German general staff, which has more power than any similar body on earth. Von Hindenburg and the general staff were often irreconcilable. For one thing he was an advocate of open warfare in infantry attacks. This, with many other of his ideas, was pigeon holed. Hot disputes with General Bernhardt on this and other principles of warfare usually resulted in his discomfiture, because he was hot-headed and impetuous, used invectives rather than argument at such times, where a man of persuasive and conciliatory temperament would have had better success, perhaps. Writers who claim to have known him say he did not realize what a machine the German army had become to be. He left the general staff almost in discredit and the general staff appears to have been glad to get rid of him.

A. G. Gardener, writing in the London News some months ago, said of him: "A man of bold, original powers among the commonplace card-index minds of the Prussian military hierarchy."

He was called from retirement at Hanover when the Russians overran eastern Prussia and his successes there soon brought him before the people who worshipped a hero. Streets were named for him, his bust was modeled in gingerbread, his name was in the newspapers and on every lip. It was by reason of this campaign that he was designated as the victor of the Masurian lakes and which caused his rise to prominence.

An Italian writer says of him that he was a cultured and educated gentleman, well read, fond of good literature and art and a good card player. After his retirement he interested himself in horticulture. He was a good mixer and imagined he could speak French, concerning which his friends never had the temerity to disillusion him.

Locals and Personals

Mr. and Mrs. J. J. Pope and Mrs. Alvey Avery of Normangee were visitors in Bryan today.

I. M. Cook of Steep Hollow was among the visitors in the city today. George P. Edge of Harris school house came in the city early this morning, caught the enthusiasm of the trade excursionists and went on the trip.

Rufe German was in the city today from his home on Rock Prairie. Esker Martin of Steep Hollow was in the city today.

John Kosarek of Smetana was a visitor to the city today.

D. C. Lightsey and sons, J. H. and G. W. Lightsey of Rosprim were in town today.

J. K. Presnal was in today from his home at Tabor.

Dr. W. A. Smith of Millican was in the city between trains today.

J. A. Conway of Independence was in town today.

Charley Merka was in the city today from Smetana.

A. C. Williams of Coleview was in the city today.

Victor Andrews of Harvey was a visitor to the city today.

George Brandon and Maxey Wickes went to Houston this afternoon.

B. Patrenello of this city is in receipt of a letter from his son, Luke, who is in the coast artillery stationed at Fort MacArthur, Cal., that he has been made a first class gunner. Luke made 168 hits out of 200 and was only required to make 150. The other son, John, who is in the navy, arrived at New York port making his fourth trip across the pond.

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTELESS CHILL TONIC. It purifies and enriches the blood and builds up the whole system. You can soon feel its Strengthening, Invigorating Effect. 60c.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding piles. Instantly relieves itching piles, and you can get restful sleep after the first application. Price 60c.

AUTHORITY COMES TO BUY ASPHALT FOR PAVING MAIN

From Friday's Daily Eagle
C. G. Sheffield, assistant to the director of the oil division of the United States fuel administration, has advised City Manager Greer that the application of the city of Bryan for 40 tons of asphalt and 10,000 gallons of asphaltic oil for use in the maintenance of state highway No. 14 has been approved. The letter was received this morning and is formal notice regarding the materials to be used in repairing Main street and surfacing the concrete streets at the sides. Mr. Sheffield states that as soon as the offer for this material shall have been placed his office should be advised as to the name and address of the contractor so he will be given authority to fill the order.

SHELL WOUND NOT SERIOUS.
M. G. Buchanan of Harvey has had a letter from his son, Lieutenant D. S. Buchanan, who was wounded a short time ago in one of the great battles on the western front, in which he stated he was not seriously hurt and was recovering rapidly. The young man was wounded in a night attack, a fragment from a high explosive shell imbedding itself in his arm. He was taken the same night to a field hospital and the shell fragment removed and then carried to a hospital in Paris where he was when he wrote. He said he was feeling fine and would be all right in a few days.

BIG AUTOMOBILE TRADE EXCURSION MADE TODAY

Sixteen Cars and Sixty Citizens Visit Adjoining Counties to Meet the People and Advertise Bryan As a Market and Trade Center--Itinerary Covered Leon, Madison and Grimes Counties.

From Wednesday's Daily Eagle
The long line of automobiles carrying the trade evangelists who went out this morning on the first automobile trade excursion of the summer under direction of the commercial club, were several minutes behind schedule, but it was evident from the rate of speed at which they pulled out that the last time would soon be made up and the remainder of the trip would be made as outlined.

There were 16 cars and the personnel of the excursion as near as the Daily Eagle representative could get it was as follows: S. E. Eberstadt, J. D. Martin, Sam B. Wilson, Jno. M. Lawrence, H. A. Burger, Joe Howard, Roy Hudspeth, William Medland, Stuart Barron, P. S. Park, C. G. Walker, R. S. Webb, Jr., Prof. W. C. Lawson, J. Tom Smith, Frank Zubik, C. A. Cloud, A. W. Reynolds (College), H. M. Elliott (College), C. L. Beason, Hal Saunders, Rev. J. W. Holsapple, E. F. Parks, R. W. Howell, W. B. Roman, Matt Vitopli, Prof. R. O. Allen, Homer Lawson, W. S. Wilson, Jr., M. G. Nall, David Reid, John M. Caldwell, R. L. Long, A. M. Waldrop, E. E. Talmage, Jas. W. James, J. T. Turner, C. M. Shields, Judge J. T. Maloney, A. B. Ewing, Pete Palasota, E. W. Crenshaw, Sam Crenshaw, J. B. Sanders, Major L. L. McInnis, Lamar Bethea, Tyler Haswell, Ed Hall, G. C. White, E. C. Blankenbeckler, Allen Smith, Rev. J. J. Tatum, Rev. Wright, Joe McGee, Roy Vick, Geo. P. Edge of Harris school house, Frank Burkhalter, publicity representative of A. and M. college.

Each business interest represented on the trip was well supplied with advertising matter, each individual in the party was stocked up with arguments sufficiently persuasive to convince our neighbors in adjoining counties that Bryan is not only the best city in all this section in which to trade but also the best market for cotton, hogs, cattle, poultry, orchard and garden.

The proposed itinerary was from Bryan to Wheelock, Edge, Sky, Normangee, George, North Zulch, Zulch, Cross, Bedias, Iola, Mesa, Keith and then back to Bryan. The distance is about 120 miles, making it a long, hot trip, but the frequent stops, the different towns and different people to be seen, the crops and other things of interest, as well as the all-around enthusiasm of the excursionists were expected to reduce the fatigue to a minimum and make the day one of pleasure for all.

The object of the trip was to get better acquainted with our neighbors, build up a closer relationship and inspire a greater community interest and co-operation. It can not result otherwise than in great good and should not be permitted to stop with this one. Others will be arranged by the commercial club to cover the territory in all directions and should receive the hearty support and encouragement of the business men and citizens generally.

BACK FROM THE TRENCHES TO TEACH AT COLLEGE.

First Lieutenant J. F. Blanton of the U. S. marines, a 1917 graduate of A. and M. college, living at Jewett, Texas, is on the campus after eight months fighting in the trenches of France, having been sent back to act as instructor in the school of instruction at Quantico, Va. He was in the recent victorious drive of the marines on the western front and expects the war to conclude within two years.

BOATWRIGHT SELLS TO MOORE.

S. L. Boatwright has sold his insurance business to John A. Moore and the business of the two offices has already been consolidated in the Moore office in the Astin building. Mr. Moore will continue all the contracts of the Boatwright office, extending to each patron efficient service and courteous treatment.

Mr. Boatwright has accepted a position with the First National bank in the collection department and has already entered upon his new duties.

GIRL'S ITS YOUR STEP THAT ATTRACTS!

Says women pay too much heed to their face instead of their corns.

Watch your step! A brisk, lively step is what charms more than a lovely skin, but your high heels have caused corns and you limp a little. That's bad, girls, and you know it. Corns destroy beauty and grace, besides corns are very easy to remove. Ridd your feet of every corn by asking at any drug store for a quarter of an ounce of freezone. This will cost little but is sufficient to remove every hard or soft corn or callus from one's feet.

A few drops applied directly upon a tender, touchy corn relieve the soreness and soon the entire corn, root and all, falls right out without pain. This freezone is a gummy substance which dries instantly and simply shrivels up the corn without inflaming or even irritating the surrounding skin.

Women must keep in mind that cornless feet create a youthful step which enhances her attractiveness—dr.

OFFICERS MATERIAL SCHOOL ORGANIZED

(By Associated Press)
Philadelphia, July 17.—Supplementing its war activities which thus far exceed those of any other institution of learning in Pennsylvania, the university of Pennsylvania has established an "officers material school" wherein enlisted men in the navy and college students who desire to enter the navy have an opportunity to win commissions.

The school will be under supervision of the navy department and the course will cover a period of six weeks. The candidates are being housed in the college dormitories, which have been converted into temporary marine barracks.

Penn's contribution to the war in the way of man power total 6102. Of these men all but 625 are arrayed under the colors of Uncle Sam. The others are serving the allies of the United States.

Since the United States entered the war the campus and the many magnificent buildings of the university have been at the call of the government for use as it saw fit in the training of men for military service. The university has conducted schools under government direction for the training of army medical officers, navigation army ordnance, signal service, course for nurses, as well as preparing men in other useful lines for the army and navy.

Most members of the aviation examining boards throughout the country were trained at the parent unit, organized at the University of Pennsylvania.

Three ambulance units, a base hospital, several Red Cross units and various detached units have been organized here. For the special use of the army and navy, the university hospital has set aside 250 beds and many of the laboratories have been placed at the disposal of government experts.

LITERACY TEST LAW CONSTRUED BY KEELING

Austin, July 17.—Construing the literacy test law of the legislative session Assistant Attorney General W. A. Keeling holds that it applies to primary elections and will be enforced on the 27th instant. He also construed its provisions with reference to the exceptions to whom assistance may be given by election judges in voting. Under his construction three classes of voters may receive assistance from the election judges, namely, those physically unable to prepare their tickets through the loss of a hand or eyesight or paralyzed, or other causes; persons over 60 years of age and persons foreign born who have lived in the United States 21 years from the time they completed their full citizenship. First papers do not count, the 21 years is dated from the time of complete naturalization.

There has been some question as to assistance being given all persons who have resided in this country 21 years since assuming citizenship. The attorney general holds the exception does not apply to natives but only to foreign born who have been full citizens for 21 years.

Grove's Tasteless chill Tonic
restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

STEEP HOLLOW.

Steep Hollow, July 17.—Miss Bonnie Smith from Fountain Switch is visiting Miss Lenora Burt.

Lloyd Smith and Claude Cloud from Reliance were pleasant callers in our community Sunday afternoon.

Miss Grace Morehead from Bryan spent the week-end with her parents, Mr. and Mrs. J. H. Morehead.

Rev. J. G. Leutydwier returned home Monday from Little Mississippi in Roberson county, where he conducted a most successful meeting.

Mrs. R. Lester Rickey and baby returned to Beaumont Thursday after an extended visit to relatives. They were accompanied home by Miss Winnie Dell Mathis.

Pope Lindsey returned to Liberty Saturday after a short visit to his sister, Mrs. Henry Parker.

Miss Maude White from Bryan spent last week visiting friends at Steep Hollow.

Rev. W. L. Crenshaw and daughter, Miss Verdie Mae, from Bryan, attended the Methodist revival Sunday morning.

J. D. Barnette and son, John, returned Sunday from Austin, where they spent several days visiting Joe Barnette.

Charlie Hall returned home Sunday from Goose Creek, where he has been working in the oil fields.

Mrs. Lon Parker from Laredo spent last week with Mr. and Mrs. Ben Foster.

Grove's Tasteless chill Tonic
destroys the malarial germs which are transmitted to the blood by the Malaria Mosquito. Price 60c.

Miss Nannie C. Houston is visiting friends in Hearne.

BRAZOS COUNTY BOYS ATTEND SHORT COURSE

More Than 40 Delegates Appointed -- Will Enter Stock Judging Contest.

County Agent C. L. Beason reports that more than 40 delegates will be appointed from the several community clubs of the county to attend the meeting at College next week.

The delegates from these clubs will be especially interested in the farm management division which will hold its sessions in room 207, Academic building.

Henry Wilcox of Tabor and Webster Cloud of Reliance have been appointed a team of two boys to compete for the progressive farmer silver loving cup to be awarded at College Friday, July 26, to the team of two boys making the highest score in livestock judging.

A demonstration in livestock judging will be conducted at Tabor next Saturday afternoon at 3 o'clock. Score cards will be prepared for the judging of horses, hogs, cattle and sheep.

Hundreds of farmers and others from far away places in Texas will at considerable expense attend the short course next week. Why not the farmers of Brazos county at a nominal cost attend and receive all the benefits to be derived from such an important meeting?

Do not let the county agent or someone else when asked by farmers from some other county in Texas, where the Brazos county farmer is have to say that he has gone "fish-ing."

CONCERNING A. AND M.

To The Bryan Daily Eagle:

I am informed that a report is being circulated in Bryan that I am opposed to the A. and M. college and that I supported the bill in the Texas senate for the consolidation of all institutions of higher learning in Texas under one board. This is not true. On the other hand when this measure came up for consideration during the session of the senate and house investigating committee I led the fight against this bill and aided by Senator Hopkins we defeated it as the record will show. It never came up for consideration by the senate in regular session. If it had I would there have also fought it. I also led the fight on the bill to remove the feed control service from the college to the agricultural department at Austin and the Dallas News made favorable comment on my speech in opposition to this measure.

I led the fight against the West Texas A. and M. college and was one of the five members of the senate who voted against it all the way through. Although your board of directors of the college and the president of the college accepted the bill in amended form which placed the new college under the control of the board of directors of the college, I still thought it was a bad policy for the state to have two first class A. and M. colleges and I strongly opposed this bill in a speech on the floor of the senate. I also led the fight for the repeal of this bill during the called session of the legislature.

I hope Mr. Hardy's friend who is circulating this report will investigate the record in regard to this matter as he surely would not willingly misrepresent my position on this question.

I believe I stand for the things that the people of Brazos county stand for and I ask at their hands a favorable consideration of my candidacy.

Respectfully,
E. A. DECHERD, JR.

Mrs. A. W. Buchanan returned today from Galveston where she had been to see her sister, Mrs. O. L. Wilcox of Tabor, who is very ill at a hospital there. She reported that Mrs. Wilcox had rallied and seemed some better. The doctors are hopeful that she will improve sufficiently to be brought home. Mrs. J. L. Andrews of Abilene, another sister of Mrs. Wilcox, went to Galveston with Mrs. Buchanan and will remain at the bedside of her sister.

FIVE PEOPLE IN ONE FAMILY BENEFITTED

"Finest Thing I've Ever Seen," Says Compton; Gains Ten Pounds On Tanlac.

"There are five of us at home who have taken Tanlac and it hasn't failed to bring good results in a single case," said Arthur M. Compton, a popular clerk at the Oriental hotel and living at 1206 Wood street, Dalais, Texas, recently.

"As to my own case," Mr. Compton continued, "Tanlac has increased my weight 10 pounds in the past three weeks and has certainly relieved me of an awful lot of suffering. When I began taking it my stomach was all out of order and I had no appetite. I was so nervous I could hardly sleep, was all run down and had that tired, sluggish feeling all the time. I had fallen off in weight and was awfully sick and discouraged."

"Finally my uncle from Terrell, Texas, persuaded me to try Tanlac and it has been a wonderful thing for me. My appetite is fine now and I eat like a goat. My nervousness is entirely gone, I sleep like a log and all my sluggish, depressed feelings have left me. I recommend Tanlac every chance I have because it has done me so much good. It has helped our whole family and we are all boosting it. It certainly is the finest medicine we ever had in the house."

Tanlac is sold in Bryan by N. A. Stewart, in Wellborn by J. P. Royder, in Edge by Moore & Payne, in Allen-farm by Terrell Brothers and in Tabor by J. K. Presnal.

Adv.

SIBERIA GIVES ITS SUPPORT TO THE ALLIES

(By Associated Press)
London, July 13.—Allied powers will have the full support of the new Siberian government, according to provisional ruler General Horvath. He cites the renewal of all treaties of the allied powers as confirmation of the intention to act in complete accord with "our brave allies" and to return to the Russian ranks those who are fighting with the enemy. General Horvath is anti-German as well as anti-bolshevik.

BRITISH REINFORCEMENTS SENT TO RUSSIA.

(By Associated Press)
Washington, July 13.—British reinforcements have been dispatched to Siberia, according to official information to assist the Russians and Czechoslovaks in guarding allied stores from bolsheviks acting with German prisoners who are reported to be advancing on Petrograd.

GERMAN NEWSPAPER IS ALARMED.

(By Associated Press)
London, July 13.—The Frankfurter Zeitung, in an editorial, is anxious over Russian developments. It infers that the successes of the Czechoslovaks overcome the objections of the entente to intervention and regards the undertaking which England is preparing to form in the north is more serious than the attack which it assumes the Japanese will deliver from the east. It thinks the Moscow soviet government faces immediate peril.

BORAH FOR ARMED INTERVENTION.

(By Associated Press)
Washington, July 13.—Military as well as political intervention in Russia by the United States to overthrow German influence is asked by Senator Borah in the senate.

BOLSHEVIKI DESERTING.

(By Associated Press)
Moscow, July 13.—Speaking to the all-Russian soviet conference, Trotsky declares unity among soviet troops is suffering because of Anglo-French propaganda and many bolsheviks have deserted to the enemy.

LARGE DELEGATIONS COMING TO SHORT COURSE NEXT WEEK

From Mills county a delegation of 75 farmers will come to A. and M. college next week for the annual farmers short course that will begin July 22 and continue for five days. Dean E. J. Kyle of the department of agriculture has been advised. Reports from Nacogdoches county are to the effect that 25 farmers will come from there, while reports from the county agents from various other counties indicate that more farmers will come this year than ever before so general is the interest in improved methods of farming, livestock production and housekeeping.

Among the prominent representatives of the federal department of agriculture who will be here for a part of the course are Clarence Ousley, assistant secretary of agriculture; Bradford Knapp, chief of the state's relation service; O. B. Martin, also of the state's relations service; Dr. G. R. Rummel, chief of the bureau of animal husbandry, and C. H. Alvord.

The new features stand out prominently in this year's program, a 30-minute patriotic service each evening preceding the regular night program and a special independent course in food conservation, including instruction and demonstrations in the making of cottage cheese, drying and canning of fruits and vegetables, making of grape juice and other home delicacies.

Large interest is expressed in advance in the contest among the girls' canning clubs of the state for the silver loving cup offered by Farm and Ranch, Dallas, and among the boys' pig and baby beef clubs in the judging of livestock for the silver trophy offered by the Progressive Farmer, Dallas.

The new barracks, constructed for the soldiers taking special technical training at the college, will be occupied this week, thus vacating the regular dormitories for the visitors to the farmers short course and the farmers congress which convenes the week following and for the pupils of the college, who will begin arriving early in September for the next term.

That the farmers short course and the farmers congress are important in the estimation of the federal government officials is indicated in the fact that the railroad administration has ordered a rate of one cent per mile for both occasions.

BRANDON RAISING COMPANY.

George Brandon, who has been commissioned to raise a supply company for a Texas regiment to train on the Texas-Mexican border, reports that everything is moving along nicely and he does not anticipate any difficulty in raising the company. The border service is one of great importance at this time and all who volunteer for service there will be performing a great and patriotic duty.

Mr. Brandon will have further announcements to make in the near future relative to his company and will give out a list of those who have joined.

666 contains no alcohol, arsenic, nor other poisonous drugs.

A FINAL WORD FROM N. P. HOUX, Candidate For State Senator.

To the Democratic Voters (men and women) of the 12th Senatorial District:

As election day is nearly here, and as it will be impossible for me to see all of the people I want to make this final appeal, and urge that my friends throughout the district, who have promised me their support, interest themselves in my behalf and help me win the nomination for state senator.

On account of the size of the district (four large counties) and the demands of business upon my time, I have been able to make only a partial campaign, and there are many voters whom I have not met personally, therefore this statement of my position on the issues of the day.

A native Texan (born in Grimes county), the son of a Confederate soldier and the great-grandson of a major in Washington's army, and having spent more than thirty years in the service of the state as an officer in the National Guard, it was but natural that when our country entered the war last year I desired military service. I was appointed captain of infantry and authorized to raise a company for foreign service. This I accomplished after six weeks of hard work, and was mustered into the state service, but when the troops were Federalized I was barred on account of my age and was forced to remain at home while my company went to the training camp commanded by a younger man. That company is now on the road to Berlin and will do its duty. And I feel that I have done my duty also in accepting the part assigned me—that of remaining at home to assist in Liberty Loan, Red Cross and Thrift Stamp campaigns, etc., to all of which I have liberally contributed and will continue to do so.

For the past twenty years I have published a newspaper in Mexico, and have always worked for the upbuilding of the country, for clean politics and good government, and having an extensive acquaintance with public men and a knowledge of the needs and wants of the people, feel that I am competent to fill the office of state senator and to render efficient service to the people.

I served a short term in the legislature as a member of the House four years ago, and voted for the present warehouse law, designed to improve marketing conditions and enable the farmer to get a fair price for his products. This was the most important bill acted on during that session, except the bill that proposed to take the children's school fund and use it to establish a state bank, which bill I voted against and thus assisted in its defeat.

I heartily endorse the administration of Governor Hobby and the war measures recommended by him and passed at the recent called session of the legislature, and had I been a member of that body I would have voted for all of said bills. These war measures are designed to protect the soldiers camped within our state and the people in general from the evil influences of strong drink and vice conditions, and if strictly enforced will make Texas safe for democracy, sobriety and morality. If elected to the senate and any of those laws need strengthening I will support such bills as will be necessary for that purpose.

Believing in a democratic form of government, I will, if elected, endeavor at all times to represent the people and obey their instructions, when properly given, whether at the polls or by petition.

But more particularly, and in brief, if elected I will support:

Any measure that will uphold the policies of our great president in the prosecution of the war to a successful ending and the prompt punishment of acts of disloyalty.

The submission of a Constitutional prohibition amendment to the people for their final settlement at the earliest date possible.

The submission of a constitutional amendment giving the women the right to vote in all elections.

An honest and economical administration of the government—state, county and municipal.

Liberal support of all schools, from the country district to the higher institutions of learning.

A fair and equal distribution of taxes.

The encouragement of capital to invest in the vast resources of our state.

The protection of labor and those who earn their bread by the sweat of their brow.

Equal pay for men and women, doing the same work.

Child welfare—in the homes, schools and work shops.

The right of married women to control their separate property.

And now I leave my case in your hands, and will appreciate your support. Give me a chance, and I will not prove recreant to the trust and confidence you repose in me.

Sincerely Yours for Good Government,
N. P. HOUX,
Limestone County.

Too Old for the Army
Just Right for the Legislature.

GENERAL HINDENBURG'S DEATH IS REPORTED

Amsterdam, July 13.—Field Marshal von Hindenburg is dead, according to the newspaper Lanouvelles. His death is said to have occurred after a story interview with the kaiser over the German offensive toward Paris. He died of congestion of the brain.

During the last six months there have been several rumors of von Hindenburg's death. A dispatch from The Hague Friday quoted a Dutch traveler from Germany saying General Ludendorff, first quartermaster general, had taken over the field marshal's duties. Von Hindenburg is credited with evolving the effective campaign in East Russia resulting in the serious Russian defeat at Tannenberg, for which he was made a field marshal. He was appointed chief of the general staff in 1916. He was 70 years old.

A violent interview between General von Hindenburg and the kaiser occurred May 16, which was followed by an apoplectic stroke, ultimately causing his death.

CAREER AND CHARACTER OF GENERAL HINDENBURG.

General Paul Beneckendorf von Hindenburg's father was a Prussian officer. So was he and so are his two sons. But prior to the present war he had retired at Hanover and was quite a conspicuous figure in the social life of the capitals and great gathering places in Europe. Bulky of body, raucous of voice, purple of visage and venerable in years he was often seen in good company, soaring with the singers, pounding his beer mug on the table and engaging himself genially. He carried a cane because of gout, but his pride would permit none to intimate gout with the cane.

He was a lieutenant in the Franco-Prussian war, where he was wounded, his horse fell upon him and his regiment was all killed, he being the sole survivor. For this he was awarded the iron cross and a commission in the guards. Eventually his ability took him into the great German general staff, which has more power than any similar body on earth. Von Hindenburg and the general staff were often irreconcilable. For one thing he was an advocate of open warfare in infantry attacks. This, with many other of his ideas, was pigeon holed. Hot disputes with General Bernhardi on this and other principles of warfare usually resulted in his discomfiture, because he was hot-headed and impetuous, used invectives rather than argument at such times, where a man of persuasive and conciliatory temperament would have had better success, perhaps. Writers who claim to have known him say he did not realize what a machine the German army had become to be. He left the general staff almost in discredit and the general staff appears to have been glad to get rid of him.

A. G. Gardener, writing in the London News some months ago, said of him: "A man of bold, original powers among the commonplace card-index minds of the Prussian military hierarchy."

He was called from retirement at Hanover when the Russians overran eastern Prussia and his successes there soon brought him before the people who worshipped a hero. Streets were named for him, his bust was modeled in gingerbread, his name was in the newspapers and on every lip. It was by reason of this campaign that he was designated as the Masurian lakes and which caused his rise to prominence.

An Italian writer says of him that he was a cultured and educated gentleman, well read, fond of good literature and art and a good card player. After his retirement he interested himself in horticulture. He was a good mixer and imagined he could speak French, concerning which his friends never had the temerity to disillusion him.

Locals and Personals

Mr. and Mrs. J. J. Pope and Mrs. Alvey Avery of Normangee were visitors in Bryan today.

I. M. Cook of Steep Hollow was among the visitors in the city today.

George P. Edge of Harris school house came in the city early this morning, caught the enthusiasm of the trade excursionists and went on the trip.

Rufe German was in the city today from his home on Rock Prairie.

Esker Martin of Steep Hollow was in the city today.

John Kosarek of Smetana was a visitor to the city today.

D. C. Lightsey and sons, J. H. and G. W. Lightsey of Rosprim were in town today.

J. K. Presnal was in today from his home at Tabor.

Dr. W. A. Smith of Millican was in the city between trains today.

J. A. Conway of Independence was in town today.

Charley Merka was in the city today from Smetana.

A. C. Williams of Coleview was in the city today.

Victor Andrews of Harvey was a visitor to the city today.

George Brandon and Maxey Wickes went to Houston this afternoon.

B. Patrenello of this city is in receipt of a letter from his son, Luke, who is in the coast artillery stationed at Fort MacArthur, Cal., that he has been made a first class gunner. Luke made 168 hits out of 200 and was only required to make 150. The other son, John, who is in the navy, arrived at New York port making his fourth trip across the pond.

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTELESS CHILL TONIC. It purifies and enriches the blood and builds up the whole system. You can soon feel its Strengthening, Invigorating Effect. 60c.

AUTHORITY COMES TO BUY ASPHALT FOR PAVING MAIN

From Friday's Daily Eagle
C. G. Sheffield, assistant to the director of the oil division of the United States fuel administration, has advised City Manager Greer that the application of the city of Bryan for 40 tons of asphalt and 10,000 gallons of asphaltic oil for use in the maintenance of state highway No. 14 has been approved. The letter was received this morning and is formal notice regarding the materials to be used in repairing Main street and surfacing the concrete streets at the sides. Mr. Sheffield states that as soon as the order for this material shall have been placed his office should be advised as to the name and address of the contractor so he will be given authority to fill the order.

SHELL WOUND NOT SERIOUS.

M. G. Buchanan of Harvey has had a letter from his son, Lieutenant D. S. Buchanan, who was wounded a short time ago in one of the great battles on the western front, in which he stated he was not seriously hurt and was recovering rapidly. The young man was wounded in a night attack, a fragment from a high explosive shell imbedding itself in his arm. He was taken the same night to a field hospital and then carried to a hospital in Paris where he was when he wrote. He said he was feeling fine and would be all right in a few days.
